

# Provincetown GOLD Storage Co.

INCORPORATED 1893

Provincetown, Mass. April 11, 1921 •

Dear Sir :-

The Directors, President and Secretary of the National Weir Company, a Maine Corporation, think it to the advantage of the stockholders to dissolve the Corporation and conduct the business in a more simple and cheaper manner.

There are a number of ways this could be done, but the most feasible one is that the present stockholders, of which there are few, transfer those shares to one person, possibly Mr D.F.Small (or some other person), he would give receipt for the same duly witnessed. He would then carry on the business for the benefit of all concerned.

This last year, not counting the work of making out three government reports, we paid about 400.00 tax that could be saved by running the trap on a voluntary basis.

Would you be willing to do that? As in order to carry out that plan it must be voluntary.

Would like to hear from you at once in regard to the matter.

The trap started this year with all bills paid and \$2436.78 in the treasury.

Yours Respectfully,

Treasurer.
