

March 11-1963  
Shays Street  
South Amherst. Mass.

Dear Mr. Miller-

I would like to fix up the interior of the shop for this coming summer and thought that the best way would be to order 4' x 8" white Homasote wall boards, and have them connected and lined up around the walls. I do not believe it would be very much of a job to do as it would be more of a temporary nature.

I am wondering whether you know of a man in Provincetown whom I could hire to do this work for me? Probably wouldn't take more than a day or so to do as the boards would all be the same size. I have been thinking of coming down to Provincetown in April and at that time would like to order the wall board and what else would be needed

and show the workman just what should be done. Would you let me know just whom I could contact? Would it be possible for one of the men whom you employ to do this work? I would appreciate very much your writing to me about this.

I have not seen the store, of course, since you had the exterior painted but I imagine it must be very much improved.

Looking forward to hearing from you and with all best regards,

Sincerely  
John Hare
