Mr. John C. Herring
469 Broadway
North Attleboro, Mass.

Dear Mr. Herring:

I received your letter and have noted the contents. I am perfectly willing to do the work for you as outlined in your letter.

As you must know it is very difficult to get workmen to do anything in the spring of the year in Provincetown. This is especially true of painters. I do have a couple of good painters who can do the work but want to do it as soon as possible while the weather is still too bad to do outside painting. The first of May would be too late for them. If you will plan to come to Provincetown by the 15th of April they will start at once.

Also I can not go ahead without you here as I will not be responsible for your stock getting damaged. You must move it and cover it etc so that no damage will come to it.

I am sure that you will be willing to do this in order to get your place looking good again for the season.

Hoping that I will hear from you that you are coming down or expecting to see you soon. I trust you have had a good winter. It has been very bad here in Provincetown.

Yours sincerely,

Dear Mr. Miller,

If there are no further reports of ice and snow in New England, we shall leave here during the early part of next week hoping to reach North Attleboro before the 13th and Provincetown by the 15th or soon after. Could you arrange to have the work done in the shop during the latter part of April or the first part of May? I shall need time to get the shop resettled before Memorial Day week. If you recall, there is work to be done inside on the front windows and on the ceiling which is crumbling and falling in many places. The floor

should be painted in order to give the shop a respectable appearance after the ceiling and pipes have been painted. If you decide to have the work done in April, will you kindly drop me a line at 469 Broadway, North Attleboro, Mass. I thank you.

Very sincerely yours,
John C. Herring
