

FIGUREHEAD HOUSE  
PROVINCETOWN, MASSACHUSETTS

Hearc Brig.-

I wanted you to know that Eldred is completely disillusioned about the Land Grab from the state. He said if that area were developed to resemble Route 28 in Hyannis et environs, he would want to leave town.

He did not know at first of the political machinations

involved in this unholy plan -

Elder is running for Selectman  
and if he wins, will do all that  
he can to thwart the scheme.

Ralph Carpenter has also re-  
considered.

You should see the ice cakes  
on your beach - as large as  
our living-room. With every  
change of wind, they move gently -  
they do not constitute a menace  
to your sturdy decks.

Best wishes to Anne - Sincerely yours,
