Dear Ann & Brig

We were so sorry not to have seen Brig when he was here, but understand it was a brief trip and he was here on business. We would have been so happy to have fed him and had a visit.

Nothing much doing in the town socially. The pace has been down to a new low which is perhaps a good thing. The Tuesday night movie series ended last evening so now things will be calmer than ever. Stan is a busy bunny and he's to have his next Show in N.Y. (opening March 25, Sat. thru April 15) at the same time as his Show in Rome at La Salita Galleria.

We hope so much you'll save Mar. 25 and look in. We're wondering tho is you're getting away this winter. At anyrate it would be great seeing you. Hope you all three are feeling fit.

The village is dizzy with politics, especially just now with the Annual Town meeting coming up and the voting in March for Selectmen. Eldred Mowery is running and Mina and Irene are politicking for him. He should win in a walk, I should think.

The days grow longer and the light is simply dazzling and last week Stan saw a Robin so soon we should all be together in the sun.

Good work to you Ann, dear and our love to you and Brig. Stan took the door off our little front hall and now the collection there shows off to a much better point. And there is the handsome little Brigadier smiling at us. Thank you, Ann!

Affectionately,

Dodie
