Dear Filly & Jeanne -

As you see, we have word, and what an
ordeal! I am still a wreck.

Heaton writes me good news of great
activity in Provincetown and also that
Brig. is coming to Washington. We
would be delighted to have him stay here
and in any case will count on seeing
him. Will you pass along the invitation?

I enclose copy of Bill and of memo
releasing Nat accompanied it. Also a
tracing of the area to be excluded from the
park as Johnny - I figured it
out from the Bill.

Heaton says the committee is getting
out a letter head and I have
suggested that I be included as
Washington representative. I feel this is
very important, since I am constantly
called upon to get the ear of officials.

Love to you and Jeanne,

William

I was terribly sorry to miss you when you
went through town.
