The pleasantly located summer cottage "Nautilus" is now fully prepared for rental. This cottage consisting of four apartments is situated directly on the waterfront.

It is well furnished with entirely new fittings. In every detail the comfort of occupants has been well considered, naught having been omitted that could tend to convenience. The furniture is of hard wood, substantial and pretty. The

kitchen, chamber and laundry equipments are complete. The cleanly beach and shore tents aid in rendering the Nautilus a first class and most pleasant residence for the summer months.
