Sociable of Fire Engine Co. 3

The annual sociable of Mazeppa Engine Co. No. 3 was held at their Engine House, Thursday evening, Feb. 27th, 1873. After the battle of knives and forks in the tastefully decorated room, Toastmaster Heman S. Cook, Clerk of the Company, called on various members and guests to speak.

A reply we have had
From our Engineers;
And now from the Press
We would much like to hear,
It being represented
By Dr. John Crocker.
And now let us hear
If you are much of a talker
And if you will try
And do first rate,
We'll all subscribe
For the Advocate.

This sociable, like the previous ones, was a success, and if not saying too much, would advise the other Fire Companies to do likewise.

Was on Johnson Street
which is now #4 House
