

From: Provincetown Advocate - - - April 3, 1975

**AN URGENT
APPEAL TO
SAVE THIS
BUILDING**

This building was built in 1860 at the start of the Civil War and has had a long and illustrious history of involvement with the Lower Cape.

At this moment the community is in danger of losing this building for community or cultural purposes.

We appeal to all people interested in preserving this historical structure to stand now and be counted.

The opportunity still does exist to safeguard this magnificent landmark for community use.

We appeal to all people and all organizations to discuss this, to debate this, to forward all ideas and suggestions to:
