### ARCHITECTURAL DESCRIPTION

see continuation sheet

*Describe architectural features. Evaluate the characteristics of this building in terms of other buildings in the community.*

16 Court Street is a 1 1/2-story, 4-bay building with a setback side addition. The side gable roof is clad in asphalt shingles; shed dormer across front roof slope. Corner pilasters present. Dentils trim the eaves and dormer. The main entry consists of a modern panel wood door with pedimented entry porch supported by square fluted posts and pilasters. A secondary entrance is located on the east façade of the side addition. Fenestration includes 6/6 vinyl DHS windows; inoperable shutters. A large setback side addition with halifax-style roof and skylights is located at the north side of the main building block.

### HISTORICAL NARRATIVE

see continuation sheet

*Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building, and the role(s) the owners/occupants played within the community.*
