ARCHITECTURAL DESCRIPTION

see continuation sheet

Describe architectural features. Evaluate the characteristics of this building in terms of other buildings in the community.

22 Court Street is a 1 1/2-story, 6-bay residence. The building is clad in asbestos shingles, with wood shingles on the rear building section, north façade. The gable end faces the street (east), however the primary facade faces south. The side gable roof has gable dormers on the south façade; partial cornice returns; gingerbread lines the gable end eaves. The main entry has a flat hood and elaborate end brackets above the door; brick stoop. Fenestration includes 6/6 wood DHS; a 2/1 DHS window is located on the north facade.

HISTORICAL NARRATIVE

see continuation sheet

Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building, and the role(s) the owners/occupants played within the community.
