ARCHITECTURAL DESCRIPTION

see continuation sheet

Describe architectural features. Evaluate the characteristics of this building in terms of other buildings in the community.

2 Carver Street consists of a 2-story, 3-bay gable front section with a 2-story side ell projecting from front façade (north end). The gable roof has a simple box cornice. The main entry contains a pane and panel door with wood storm on the south facade of the ell. A secondary entrance is located on the north side of the ell. Fenestration includes 2/2 wood DHS with storms and inoperable louver shutters; a large multi-light fixed pane window is located on the east façade of the main block. A 1-story shed roof addition on the rear of the ell (west side) has a roof deck above.

HISTORICAL NARRATIVE

see continuation sheet

Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building, and the role(s) the owners/occupants played within the community.
