FORM B - BUILDING

--	--	--	--

ARCHITECTURAL DESCRIPTION

see continuation sheet

Describe architectural features. Evaluate the characteristics of this building in terms of other buildings in the community.

6 Gosnald Street is a 2-story, 3-bay sidehall entry building with a rear ell. The front-gable roof has a fully pedimented gable end and shed dormers on roof slopes. Brick chimney at roof ridge. Corner pilasters frame the facades. The main entry contains a recessed panel door with sidelights and pedimented crown with dentiled entablature. Wood stoop. Basement level entry is located at the south facade. Fenestration includes 6/6 wood DHS with operable louver shutters; 6/1 DHS on the rear ell; multi-light window in square bay on rear ell. The rear ell contains exterior steps and decks at each story on rear; deck and entry at south slope shed dormer. Square bay on north side of rear ell.

HISTORICAL NARRATIVE

see continuation sheet

Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building, and the role(s) the owners/occupants played within the community.

A plaque on the building gives the year of construction as 1840, and names the building the "Capt. Russell Knox Elliot House."
