MASSACHUSETTS HISTORICAL COMMISSION

FORM B - BUILDING

--	--	--	--

ARCHITECTURAL DESCRIPTION

see continuation sheet

Describe architectural features. Evaluate the characteristics of this building in terms of other buildings in the community.

6A Pearl Street is a 1 1/2-story, 4-bay 3/4 cottage. The side gable roof is clad in wood shingles. Entry door has storm. Windows are wood 2/2 DHS with shutters. The 2-story rear ell includes modern skylights; a concrete block chimney is located at the rear.

HISTORICAL NARRATIVE

see continuation sheet

Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building, and the role(s) the owners/occupants played within the community.

CHECK CLADDING

As per Tom Boland (1994): the house at 6A Pearl Street is clearly shown on the map of 1836 and the atlas of 1858. No owner, however is identified. In 1880 the owner is noted as Mrs. Sumner. By 1901-07 the property was purchased by Manuel C. Marks, a fisherman. Pearl Street is one of Provincetown's earliest side streets and this house, stylistically ranks as an early structure for the street.
