## FORM B - BUILDING

### ARCHITECTURAL DESCRIPTION

☐ see continuation sheet

*Describe architectural features. Evaluate the characteristics of this building in terms of other buildings in the community.*

### HISTORICAL NARRATIVE

☐ see continuation sheet

*Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building, and the role(s) the owners/occupants played within the community.*

As per Tom Boland (1994): Although altered, 7 Anthony Street is important in that its earliest documented resident (1880) is J. Anthony, whom, it is likely, the street is named after. This implies that this house is one of the first on the street. The subsequent owner, in 1907, was J. Enos.
