FIREMEN'S
BENEFIT
ASSOCIATION
DANCE
1946

We who serve

Like an alert police force, your company which provides you, your home and places of business with electricity is ever ready, day and night to serve you.

It serves in pointing our your way. It serves in protecting your property. It serves in guarding your home from discomfort.

So we feel a kinship with the police force of the town we also serve and wish its members well.
