## republican national committee

Sunday morning,

Dear Jim:

First of all, let me tell you how nice it was to see law and order on the street. That area has been plagued with problems for years. I ~~former~~ lived in that neighborhood and I'm glad I don't any longer. The crowd at the pizza parlor created a nightmare for us and at least the Johnson family that lived on carver Street.

However, we ~~must~~ be considtant with our enforcements. So. lets keep those white trash youths and troublemakers who hangout in front of Georges Pizza and harass ~~tax~~ payers and citizens moving too.

Once again, i'm glad the cops were out in force.

Your Friend,
