WHARFINGER AND HARBORMASTER	John S. Silva

* deceased

From the Town Manager

To the Selectmen and Citizens of Provincetown:

In submitting the fifth annual report under the Selectmen-Manager form of government, I feel that it is important to go into some detail on a matter which was mentioned only briefly here last year—the financial condition of the Town. In the years just prior to the adoption of this form of government it had been the practice to maintain the tax rate at a higher level than necessary so that the excess of total receipts over total expenditures would build up our reserves. It was apparently the feeling of the new administration, and a policy with which I agree, that we should not maintain idle reserves while under the burden of considerable bonded debt. Much of the reserve was expended to avoid increased long term borrowing. In the first two years of the present form of government, we operated on an unbalanced budget, spending in those two years a total of more than \$350,000 in excess of total receipts. This held the tax rate down to a figure considerably lower than should normally have resulted from the heavy expenditures made in this period. The tax rate increases in 1956, 1957, and 1958, were not the result so much of increased expenditures or decreased revenues, as of the lack of reserves which could be used to reduce the rate.

In the past three years we have operated on a balanced budget. Total receipts have exceeded total expenditures, but not by enough to again create the reserves we had a few years ago. The following chart indicates what the trend has been:

Year	Total Receipts	Total Expenditures	Change In Cash Balance
1954	\$1,086,549.36	\$1,143,510.42	-\$56,961.06
1955	1,192,565.51	1,489,768.53	-297,203.02
1956	1,091,257.26	1,086,083.19	+ 5,174.07
1957	1,193,636.50	1,166,190.09	+27,446.41
1958	1,332,082.49	1,244,855.67	+87,226.82

The decision as to where to go from here, being a matter of policy, will have to be made by the Town Meeting and the Board of Selectmen. Shall we operate on an unbalanced budget utilizing the reserve as fast as it builds up to try to keep the tax rate at an artificial low? Shall we try to operate on an evenly balanced budget and neither build up or reduce our reserves? Or shall we again maintain our tax rates at an artificial high level to build up reserves for future use? The answer is not obvious, and several other aspects of our financial condition will have to be studied before a decision can be made.

Debt is the most important factor, and our capital improve-

ment needs is another. We have outstanding as of January 1, 1959, a total debt of \$1,167,112 in principal and interest. In 1959 we will spend a record \$95,357.50 on debt service—nearly ten dollars of our rate. There will not be a noticeable reduction of of this burden for another eight years, and then not again until 1974. Our present debt will be paid off in 1978. But can we postpone all major capital expenditures for fifteen years, or even for eight years? If not, we may have to increase our reserves and invest them at interest to pay for improvements, for we almost certainly cannot shoulder more debt.

I feel that it is incumbent upon me as chief fiscal officer of the Town, under our charter, to advise the policy-making bodies of the Town, and I recommend that we proceed with caution. I understand that our Planning Board intends to seek Federal matching funds for a master plan and for long range planning studies. Support of their program would enable us to get competent consultants to plan a capital improvement program, listing our current needs, predict our future requirements, schedule construction, and recommend a method of financing. If we continue without technical assistance in the complex field of government financing we may find ourselves in serious trouble in the not too distant future.

JAMES V. COYNE, JR.

Town Manager

THOMAS A. FRANCIS, Chairman
 MANUEL V. RAYMOND
 ROBERT F. SILVA

Town Collector & Treasurer

During the year 1958 receipts totalling \$1,332,082.49 were received by this office and total disbursements were in the amount of \$1,244,855.67.

Detailed statements will be found in the Town Accountant's report. The Cash on Hand per Treasurer's Cash Book of December 31, 1958 — \$293,161.71.

In the year 1958 no money was borrowed in anticipation of Revenue. All Commitments made by the Town have been paid when due.

Last year we adopted the Water Lein Act, which will help the Town in protecting outstanding water charges. Beginning 1959 all unpaid Water Bills will be added to 1959 Tax Bills as a Lein on property. This method should help greatly in reducing our outstanding water charges.

I wish to thank Mr. James Coyne, our Town Manager and our Board of Selectmen for their cooperation during the year, and Mr. McCaffrey and the entire office staff for all their help, especially during my absence while ill.

FRANK S. BENT

Deputy Collector of Taxes

To date, the taxes I have received for collection, are the Personal Property, Motor Vehicle and the Poll Taxes. It is gratifying to be able to report that the number of delinquent taxes in this department are much smaller than in previous years. However, the returns are very slow coming in. Those who reside here have been contacted personally while forms have been sent through the mail to out-of-town persons who owe the Town of Provincetown these taxes.

Everyone has been most courteous and is trying to cooperate to the best of his ability.

CLARENCE E. PIERCE

Town Clerk's Report

The following annual report of the Town Clerk for the year ending December 31, 1958 is herewith submitted.

MARRIAGES REGISTERED IN 1958**January**

- 5 Joseph Raymond Oliver and Joan Shirley Noons both of Provincetown.
 30 Stanley Gabriel Francis and Marjorie Atwood Adams both of Provincetown.
 30 Melvin Francis Menengas of Provincetown and Madelyn Tibbetts of Wellfleet. Married in Provincetown.

February

- 1 Melvin Robert Enos of Provincetown and Carol Ann Tiernan of Chelsea. Married in Provincetown.
 6 Gerald Everett Smith of Denver Colorado and Estelle Rose Marie Souza of Provincetown. Married in Provincetown.
 8 Raymond Jason Roderick and Dolores Carmen Lema both of Provincetown.
 10 Harrison Emery Brasier of Derry, New Hampshire and Wanda Ellen Kisielewski of Derry, New Hampshire. Married in Provincetown.
 21 Thomas Edward Armstrong of Aberdeen, Mississippi and Catherine Meads of Provincetown. Married in Hyannis.

March

- 3 Oscar Louis Snow of Provincetown and Penelope Haste Burgess of Providence, Rhode Island. Married in Hyannis.
 12 Frank Willett Michael Hedrick of Truro and Grace Edith Welti of Provincetown. Married in Barnstable.
 23 Joseph Frank Kleips of Sugar Notch, Pennsylvania and Mildred Amelia Peters of Provincetown. Married in Provincetown.
 25 Daniel Gabriel Martelletti of Altoona, Pennsylvania and Donna Jane Paul of Martinsburg, Pennsylvania. Married in Provincetown.

April

- 5 Robert James Dean and Elinor Mae Lopes both of Provincetown.
 6 Gerald Nyles Friend of Kent, Washington and Regina Frances Merrill of Provincetown. Married in Provincetown.
 11 John Frank McNichol of Shreveport, Louisiana and Marilyn Louise Diagneault of Provincetown. Married in Truro.
 12 Ernest Cabral and Mary Margaret Perry both of Provincetown.

May

- 3 Rudolph Otto Neubauer of South Windsor, Conn. and Mary Christine Perry of Provincetown. Married in Provincetown.
 5 Joseph Cabral and Palmeda Flores both of Provincetown. Married in Harwich.
 10 Anthony Victor Travers of Provincetown and Judith Ann Murphy of Wakefield. Married in Wakefield.
 10 Robert Eugene Ingrum of Angleton, Texas and Martha Lee Turpin of Provincetown. Married in Wakefield.
 10 Peter E. Souza and Odelia C. Duarte both of Provincetown.
 10 Huey F. Day of Garden City, Louisiana and Shirley Marie McWilliams of Provincetown. Married in Provincetown.
 10 Walter Philip Dunigan of New York and Martha P. Malicoat of Provincetown. Married in Provincetown.
 18 Chester Eugene Joseph of Provincetown and Marcia McGee of Plymouth. Married in Plymouth.
 24 Thomas O'Donnell Adams of Provincetown and June Lee Gross of Wellfleet. Married in Wellfleet.

June

- 7 John Roger Branch of Detroit, Michigan and Maribeth Ann Santos of Provincetown. Married in Provincetown.
 7 John L. Sullivan of Red Bluff, California and Irene Joan Cook of Provincetown. Married in Provincetown.
 18 Richard Anthony Silva of Provincetown and Beverly Marie Boussy of Springfield. Married in Springfield.
 25 Joseph Manuel Lema and Margaret Elizabeth Thomas both of Provincetown.
 28 James Joseph Meads of Provincetown and Brenda May Dickey of Wellfleet. Married in Provincetown.
 30 Anthony Louis Martin and June Avallone both of Provincetown.

July

- 8 Nathan Solomson and Betty Irene Luster both of New York City. Married in Provincetown.
 12 Jean Charles Ducharme of Orleans and Elaine Joan Flores of Provincetown. Married in New Bedford.

August

- 30 William Curran Marshall of Elmsford, New York and Rosina Henriette Reinl of Harmon, New York. Married in Provincetown.

September

- 6 Ronald Eugene Cox of Kansas City, Kansas and Joan Marie Frade of Provincetown. Married in Barnstable.
 15 William Kenneth Medeiros and Marcia Mary Russell both of Provincetown.
 20 Stanley Thomas Smith of Courtland, New York and Camilla Ann Meads of Provincetown. Married in Provincetown.
 27 Joseph Thomas Fay of Paris, Kentucky and Margaret Jean Souza of Provincetown. Married in Provincetown.

October

- 4 William Paul Henrique of Provincetown and Carol Lee Fonseca of Falmouth. Married in Falmouth.

- 11 Donald Lee Sammons of Dover Fox-Croft, Maine and Sylvia Jane Tarvers of Provincetown. Married in Provincetown.
 20 John Phillip Jason, Jr. and Nancy Jeanne Guilfoyle both of Provincetown.
 30 Larry Donald Waits of Columbus, Ohio and Mary Constance Reis of Provincetown. Married in Provincetown.

November

- 6 James Robert Hill of Pittsburg, Pa. and Nancy Ann Burhoe of Provincetown. Married in Provincetown.
 15 Kenneth James Silva of Provincetown and Dorothea Catherine Smith of West Yarmouth. Married in Barnstable.
 28 Thomas Anthony Souza and Yvonne Marie Cook both of Provincetown.
 29 John Howard Guess of Detroit, Michigan and Marguerite Meads of Provincetown. Married in Provincetown.
 14 Nicholas Meletopoulos and Natalie Roza both of Provincetown.

December

- 7 Ralph Owens Morris of Edison, Georgia and Bernice Elizabeth Ventiquattro of Provincetown. Married in Barnstable.

WILLIAM J. McCAFFREY

Board of Zoning Appeals

Annual Report of the Board of Zoning Appeals January 1, 1958 to January 1, 1959.

The following appeals were heard, and were granted: Manuel T. Brazao to enlarge basement premises at 336 Commercial Street; Joseph T. Ferreira to enlarge Dairy Queen, Bradford Street Extension; Ellis G. Williams to erect A&P, Conwell Street (first request denied and plans changed); Ciriaco G. Cozzi to extend restaurant, Kiley Court; Manuel Souza to extend dwelling at 15 Conant Street; Antonio Joaquim de Aruja Brito to enlarge Bakery at 299 Commercial Street; Mary P. Roderick to add dwelling, 9 Conant Street; Joseph T. Ferreira to accept patio at Dairy Queen; Christopher Salvadore to build restaurant at 183-185 Commercial Street; Herman Dutra to replace shed at 12 Pearl Street; Anthony Santos to replace shed at 3 Conwell Street; Richard B. Knudson to extend second story, 63 Commercial Street; Donald Edwards to combine as one building 312 and 314 Commercial Street; Christopher Salvadore to extend original plan for restaurant at 183-185 Commercial Street; Joseph Borges to open barber shop at 3 Mozart Avenue; Margaret F. Enos to erect dormer at 4 Anthony Street; Elizabeth Dunmore to add kitchen space an unenclosed space for car at 6 Nickerson Street; Manuel and Mary Cabral to extend Bonnie Doone restaurant at 35 Bradford Street; Alfred Manacher to install portico on new premises at 21 Commercial upon conditions; Walter J. Croteau to sell pastries at 150 Commercial Street upon condition; St. Peter's Roman Catholic Church to build utility building off Winthrop Street; Suburban Gas Co. of Hyannis to install platform for Propane Cylinders storage upon conditions; Richard B. Knudson to add kitchen and laundry to 63 Commercial Street; Lloyd C. Atwood to remove old building and replace storage building back of 66 Commercial Street; Nickerson Funeral Home to enlarge funeral home, Bradford and Center Streets; Walter P. Chrysler, Jr. to erect chimney, Chrysler Museum; Provincetown Autobody Shop to add to repair shop off Court Street; Flora M. Corea to replace old garage at 40 Franklin Street.

The following petitions were denied: Ellis G. Williams to erect certain signs on new A&P building; Robert Gutzler to extend Town House Restaurant at 291 Commercial Street; Alice Van Arsdale to operate coffee shop, Breakwater Motel; Raymond E. Rice to vary setback at 256 Commercial Street; Sigrid Gudmonde to erect off-premise sign at 376 Commercial Street to advertise Noah's Ark corner Bradford and Pearl Streets; Gulf Oil Co. to erect certain signs corner Standish and Bradford Streets; Dolores and Julius West to erect eating place on Shank Painter Road; Abe Sadda to legalize display sign at 281 Commercial Street.

Petition of Manuel Lopes to install roller skating ring at 98 Bradford Street was dismissed for failure to appear and present case.

A petition of Elizabeth Dunmore to erect piazza and stairway at 6 Nickerson Street was withdrawn by owner; petition of Jay Starker and Sheldon Snyder to operate coffee and sandwich shop

at 346 Commercial Street was neither affirmed nor denied, the Board being of the opinion that petitioner required only permit from selectmen and Board of Health; petition of Irving Marantz to extend studio at 200 Bradford Street was continued for lack of presence of owner or agent (later granted).

The new building inspector appears to be willing to carry out the provisions of the zoning by-law so that the Board is hopeful that situations such as occurred early in 1958 will be avoided. The Board is of the opinion that if any doubt exists on the part of an owner or a builder an opinion should be asked of the Board. The Board meets on the third Tuesday of each month and, in order to have time for the legal advertising required by law, appeals must be in the office of the secretary by the first Wednesday in each month. The Board respectfully request that all applicants completely fill out the required forms particularly as to the building plan with distances from all abutters together with the names and addresses of all abutters.

28 appeals were granted and 8 appeals were denied.

ETHEL ARCHER BALL, Secretary

Police Department

I hereby submit my annual report as Chief of Police of the Town of Provincetown.

CRIMES PROSECUTED

- NOVEMBER 17. Fire at 137 Commercial St., property owned by Virginia Downsborough.
- DECEMBER 13. Fire at 11 Arch St., property owned by Frank Corea.
- DECEMBER 15. Fire at 9 Alden St., property owned by Anthony Perry.
- DECEMBER 18. Fire at 38 Bradford St., property owned by Warren Cabral.

DECEMBER 23. Fire at 243 Bradford St., property owned by Isabelle Whalen.

Determined causes of these fires are as follows:

Overheated or defective Heating units	9
Defective wiring, short circuits	8
Matches and Smoking	7
Incendiarism, Vandalism, etc.	7
Sparks from Incinerators, rubbish, etc.	3
Ignition of hot grease, cooking, etc.	2
Sparks from Blow-torch	1
Undetermined origin	3

During the year Fire House No. 1 was painted and extensive repairs to House No. 5 are nearing completion. New equipment purchased included a Smoke Ejector; 2 Scott Air Pack masks; 2 CO2 fire extinguishers; 1,050 ft. of new hose and miscellaneous other items.

Four members of the Provincetown Rescue Squad were sent to the Fire and Rescue Training School at Topsfield, Mass., for two weekends of instruction in advanced Rescue and Fire work. The Rescue Squad purchased for the Town, through funds raised by the squad, a \$400.00 Resuscitator.

We wish to express our thanks and appreciation to the Police Department and to the Telephone operators for their help and cooperation during fires and other emergencies.

JAMES J. RODERICK, Chief
 WILBUR COOK, Assistant Chief
 HERMAN RIVARD
 FRANK CARRIERO, Inspector

- OCTOBER 15. 8:30 P.M. Call by Dr. Hiebert to home of Mr. Frank Sylvester. Baby had burned himself seriously. Oxygen was given for nearly five hours. Baby was then placed in Lower Cape Ambulance and taken to hospital.
- OCTOBER 23. 11:30 A.M. Call by Dr. Hiebert to bring in Mr. Antone Perreira who had fallen off the Masonic Hall building. Man was taken to Dr. Hiebert's office, X-Rayed and given medical care.
- OCTOBER 24. 11:45 A.M. Call by Dr. Hiebert for oxygen for Mr. Bruce Arthur. Oxygen was given until the man was made comfortable.
- OCTOBER 28. 9:00 P.M. Call by Dr. Hiebert to take Mr. Henry Cordeiro home. Mr. Cordeiro was in the doctor's office with a broken ankle.
- OCTOBER 28. 8:00 P.M. Call by Dr. Hiebert to bring in Mrs.

Sadie Crawford who had fallen down. Mrs. Crawford was X-Rayed, given medical care and then taken home.

OCTOBER 29. 6:00 P.M. Call by Dr. Hiebert to bring in Mrs. Rose Silva for X-Ray of broken leg. Mrs. Silva was later taken home.

NOVEMBER 11. 1:30 P.M. Call by Dr. Hiebert to home of Mrs. Fred Cummings. Mrs. Cummings had fallen and broken her leg. After X-Ray and medical treatment she was taken home.

DECEMBER 11. 12:10 P.M. Call by Dr. Hiebert to bring in Mrs. Patricia Papetsas for broken leg. After X-Ray and medical treatment Mrs. Papetsas was taken home.

DECEMBER 22. Call by Dr. Hiebert to bring in Mrs. Fred Cummings for X-Ray and examination. Mrs. Cummings was then taken home.

DECEMBER 23. 6:00 P.M. Call by Warren Perry of A&P Store for help for Mrs. Arlene Landry. She was given treatment by Dr. Hiebert and then taken home by the Rescue Squad.

DECEMBER 24. 10:30 P.M. Call by Dr. Hiebert to bring in Mrs. Annie W. Viera who had been hurt in a car accident. She was taken to Dr. Hiebert's Office, X-Rayed, given medical treatment and then taken home.

CYRIL W. DOWNS, JR.

Treasurer

Tree Warden

I hereby submit my second annual report as Tree Warden of the Town of Provincetown for the year 1958.

Conditions as I found them and action taken:

At 308 Bradford Street—limbs overhanging Bradford and Allerton Streets, which obstructed the view, were removed by owner.

At 605 Commercial Street—elm tree limbs overhanging the sidewalk were cut off by owner.

At 80 Bradford Street—received a call about a hedge on private property.

At Mechanic Street—shrubbery overhanging fence. Heir of estate was contacted and will take care of it.

At 60 Cottage Street—received a call about tree limbs on private property.

At 44 Commercial Street—dead willow tree on private property. Tree was cut down on advice of Tree Warden.

At Community Center—split elm tree should be bolted and wired. Recommend trying to save this tree. It would cost more to cut it down. Let's save a good tree.

At corner of Conwell and Nelson property—elm tree with Dutch Elm Disease must be removed.

At Daggett Lane—Tree Warden cut roses overhanging fence.

At Kendall Lane—limbs interfering with traffic were cut by owners.

I recommend that everyone who owns shrubbery and hedges overhanging the streets should cut them back. A high hedge at the corner of a street obstructing the view is a hazard to traffic and should be cut down low enough so traffic can have a clear view. I further urge that a tree be planted wherever there is room, so that our Town may be as beautiful as it was years ago.

PHILIP W. ALEXANDER

Sealer of Weights & Measures

In accordance with General Laws Chapter 98 (sec. 34-35) I submit my report for the year ending December 31, 1958.

WEIGHING AND MEASURING DEVICES

9. Other Lectures, talks, etc.	7	31
9a. Attendance	41	30
10. Fees Collected	\$82.50	\$295.25

The use of the above form, started in 1957, makes it possible for a comparison of two years service.

Morbidity Nursing Service remains about the same. Crippled Children's Service in 1958 was more active. Probable reason—earlier detection of defects through the Well Baby Conference. These children are referred to the Cripple Children's Clinic, Cape Cod Hospital, Hyannis, Mass. Dr. Paul Norton of Boston is in charge.

Immunization of babies under a year old has increased as this is part of the Well Baby Conference program. All other age groups are done through the Toxoid Clinics under the supervision of Dr. F. L. Moore, County Health Officer.

Tuberculosis shows a slight drop in the number of X-rays, but an increase in admission to hospital and office visits. These clinics are under the supervision of Dr. Joel Gould, from the Barnstable County Hospital. Maternity Service remains relatively the same.

Child Health Service shows a better coverage in view of age groups.

Adult Health has nearly doubled. This is a step forward in health education.

The Well Baby Conference is now starting its second year under the very capable supervision of Dr. Gerald Hoeffel. Each session has been filled to capacity and it may be necessary to extend the service.

Again I want to thank all of those individuals who have given so much time and help, and all the organizations that have supported this office.

Sincerely,

JESSIE T. HATHAWAY, R. N.

Librarian—Public Library

This past twelve months has been a glory year so far as our Library is concerned. We issued more temporary summer cards, we had a larger attendance, and we got in more books both bought and given than since our sires first stocked our shelves in the early Seventies of the last century.

Summer months gave us 220 listings of temporary borrowers. They used our books eagerly, many of them taking out the limited number of volumes each time they came, which often was twice a week. The limited number is four for adults, one "seven day," and three "two weeks." These patrons knew books and authors and although our hands were what we used, we had to be "on our toes" all the while. We learned what New York City was reading, what literature was popular on the Pacific Coast, what art magazines were desired on Peach Tree avenue, Atlanta, Ga. For our summer people are far flown, and represent almost every state in the Union, and with a goodly number from Canada, a few from Mexico. Several from the Near East, and at least two Japanese. God bless them all! They were allies of ours, praising our building, our selection of literature, our welcoming of them.

We acquired, all together nine hundred and sixty-eight additions to our shelves, so many, in fact, that we are still placing them, and wondering what we may eliminate of the old, to make room for the new. To be accurate five hundred and three of these books were bought from our budget money, carefully selected by the three members of our Trustees who make up the reading committee, and myself. We spend hours choosing, eliminating, reading and judging. We use both energy and conscience, and we are told, we have arrived at a justifiable conclusion. We have, with the exception of but a very few, and those not approved of, all the New York Times Book Review Section's "best sellers." We have many others, authors perhaps not so well known, but who are "stand bys" among our local readers. We have poetry, both new and not so new. Novels and Non Fiction, that went out on a waiting list ever so long, like *BY LOVE POSSESSED*, by author Cozzens, and *INSIDE RUSSIA TODAY*, by Gunther.

The books, given us were four hundred and sixty five. All in Library condition, all processed and listed by Mrs. Natalie Patrick, our assistant librarian, and all passed judgment on by myself.

John Manta's estate presented us with favorite novels and valuable serious literature. Helen Chan, a new citizen of Provincetown, brought us books on pottery, on China and on India which we were not likely to purchase as they were too costly. Mrs. Montgomery H. Johnson allowed us to bring in from her home by the Bay, thirty-one volumes, a set complete of values in world literature most acceptable to any library. Beautiful volumes they are, printed on fine paper and bound exquisitely. Commander Archibald Turnbull's estate added a full one hundred and fifty choice romantic and non-fiction tomes, among them several from Commander Turnbull's self-authored and very interesting Naval books. Virginia Downsborough, also a new townswoman—gave us over seventy-five of the best selected young people's literary

gems ever gotten by us at one time. Too, want to mention the many novels and scientific and historical books we received the morning, in the early part of the year, we climbed the steps to Jules Wade's eerie home, and sat in the big front room, not daring to cast an eye on the shimmering Bay, for book after book was going from Mr. Wade's hands into mine.

Winter months are precious, too, in our Library. Much time is given over to receiving the seven year olds who have been promoted to Grade Two in our elementary school. Proudly these little people write their names and addresses, and we put them in the big chest of drawers that file the names and addresses of older brothers and sisters, of parents and, in many cases, grand parents, as well.

High School students come in, taking down our Encyclopedias, our reference books of all kinds. Sitting for hours writing their young opinions upon subjects important to our nation, to our local home life, and to the laws and customs of the entire world, even passing judgment on what is already known of Outer Space.

"We have to know something these days. Or where do we get!"

MARION B. HAYMAKER

Constable's Report

The following is my report of my activities as one of the Constables of Provincetown.

My work as Constable this year was chiefly devoted to the easing of traffic jams, keeping entrance and exit to Town pier free at all times for the easy flow of traffic. Helping visitors find an appropriate parking space was almost a daily ritual. I realize how difficult and confusing it is for tourists to quickly find a proper parking space, in crowded traffic conditions such as we have in the summer.

I always tried to be courteous with all visitors, giving them all the information they sought.

I admonished would be speedsters and firmly stated our speed limit on the main street. Most of them were very courteous and stated they had not realized the speed at which they were traveling.

Another of my duties was to post Warrants for the Town Meetings, Elections, etc.

JOSEPH A. ROGERS, Constable

Inspector of Wires

I hereby submit my annual report as the Inspector of Wires for the Town of Provincetown.

Total Inspections	385
Installations requiring changes	7
Wiring in buildings condemned	6

DONALD T. GLEASON

Welfare Department

For our annual report this year we thought that some of the summaries of the statistical and financial data might interest the taxpayer. After all it is your funds that support public assistance programs and regardless of whether it is from Federal, State, City or Town, Alcoholic, Racing or Meals sources. The following items are taken from accounting records and welfare statistics for the fiscal period January 1, 1958 to December 31, 1958.

Total pay roll disbursements all categories	\$226,186.66
Highest number cases all categories	171
Lowest number cases all categories	143
Cases closed	26
New cases	8
Cases appealed	10
Appeals denied	9
Appeals upheld	1
Cases reimbursed other Cities & Towns	6
Unsettled (State) cases	17
Provincetown cases in other Cities & Towns	9
Revisits and reinvestigations	750

There is \$10,267.09 in the old age assistance recovery account from recoveries under the lien law and \$70.00 in the disability assistance recovery account. These funds are waiting for apportionment by State Auditors.

Although medical care costs in public assistance is increasing on both a National and State-wide basis we were able to show a decrease of \$3,712.89 in the overall costs for all four categories. Naturally the largest category of Old Age Assistance was where the big saving was made. This amounted to \$6,672.52. The other three categorical medical costs increased by a total of \$2,959.64.

This unusual situation of decreased overall costs can be credited to the use and availability of our public medical institution. (Instead of paying the higher costs to private nursing homes or to acute hospitals at acute per diem rates for chronic or terminal illnesses we now pay the much lower Cape End Manor rate.) Other reasons for the lower medical care costs are local controls and the continual follow-up work done by the staff to provide the best medical care at the least cost.

In conclusion, we would like to remind the taxpayer-citizen that Federal and State law, rules and regulations, actually control and dictate local costs and handling of the three categorical programs. Any changes made by either the Federal or State legislatures can seriously affect our projected budget for 1959. The trends to further liberalization of public assistance if continued, and there doesn't seem to be any indication otherwise, will naturally mean larger expenditures.

IRVING S. ROGERS
Welfare Agent

Cape End Manor

Our second full fiscal year, period January 1, 1958 to December 31, 1958, did not meet the expectations expressed in our 1957 report. We felt that with the experience gained in operating this specialized and new type of facility since August 1956 that our budget estimates for 1958 were ample. Contrary to such hopes two transfers from the Finance Committee Reserve Fund were necessary. One for \$2500.00 for expenses and \$1750.00 for Personal Services or a total of \$4,250.00. Our total operating expenses were therefore \$57,823.00.

The total receipts for the same period were \$54,405.96, with outstanding collectible for December of \$1,569.83. We must therefore acknowledge a deficit of \$1,847.21 for 1958. Except for 52 no patient days at \$6.00 the facility operated at near peak capacity. It is obvious that a higher rate is necessary. A new rate for 1959 has already been set and approved by the Division of Hospital Costs & Finance at \$7.03 per diem. This rate, however, includes all prescribed medications and may still not meet our budget needs for 1959.

The new laboratory was opened on May 25th and in a couple of months was operating with full equipment. At present the technician works a regular 11 p.m. to 7 a.m. shift five days per week in the Manor. Routine tests are scheduled for the hours of 7 a.m. to 9 a.m. Emergency services either at the manor or in the home are provided for on an as needed basis. Fees for the laboratory go into the Town Treasury as General Receipts.

Contracts for painting the exterior of the premises and to purchase five new Hi-Low modern hospital beds were completed. Some of our optimistic plans to complete rubber tiling four rooms, moving the dumbwaiter, painting kitchen and dining room, installing patient storage bins in the attic, etc., out of the operating account were abandoned due to the under estimate. It is our intention of not asking for additional capital improvements by special articles and extra funds in this year's warrant. We expect that routine improvements can be accomplished as our operating budget permits.

The favorable comments in the Health Report on Barnstable County prepared by the Harvard Medical School and a feature story in the January 20th issue of the Boston Globe were most gratifying to us and complimentary to the people of the Town.

IRVING S. ROGERS

Veterans Agent and Service Officer

I hereby submit my report as Veterans Agent and Service Officer for the Town of Provincetown for the year ending December 31, 1958.

The year of 1958 has seen an increase in Service Work for this Department. There has been an increase in claims for pensions and Compensations filed with the Veterans Administration. Due to changes in the Korean Insurance Laws and new type Questionnaires for Pensions there has been an increase in V.A. Forms for this year.

Due to the unemployment situation in Provincetown this year there has been an increase in the case load for Veterans Benefits making an increase in the budget for the coming year. It has been a pleasure to serve the Veterans as their Veterans Agent and Service Officer.

Street Department

Chapter 90 highway construction normally done by contract bid was handled by the Street Department in 1958, except for surfacing. This was done in order to expedite the completion of Winslow Street. As part of this work, the Department laid over 850 feet of concrete drain pipe, installed four catch basins, three manholes, and over 1200 feet of bituminous berm.

In addition to the routine street maintenance, sweeping sand, cleaning catch basins and seepage wells, maintaining signs, and painting traffic and parking lanes, several special projects were completed by the Department in 1958. Two new drainage outlets to the beach required the installation of a total of 250 feet of culvert pipe through drainage easements. In cooperation with the Water Department approximately 1000 feet of 2-inch galvanized pipe was placed on MacMillan Wharf. Approximately 1200 gallons of road oil was used to seal three streets, and we have made more extensive use of hot bituminous patching material for street maintenance. Over 100 feet of new sidewalk with curbing was constructed.

Chapter 90 Maintenance funds were expended on resurfacing Bradford Street from Conwell Street westerly to Standish Street. Although this should be continued westerly to Court Street, it seems imperative that 1959 Maintenance funds be utilized for drainage purposes on Bradford Street in the area between Howland and Allerton Streets.

Chapter 90 Construction is only partially completed with the surfacing of Winslow Street and Jerome Road. Still to be done under the existing contract is Prince Street through Court Street to Shankpainter Road.

It is gratifying to note that the eight streets permanently surfaced in 1956 and 1957 required no maintenance in 1958, and that this surfacing program was extended to an additional four streets.

Your continued support of this program will result in better streets and lower maintenance costs.

F. S. PERRY

Christmas Lighting Committee

The Christmas Lighting Committee respectfully submit their fourth annual report.

May we start by saying once again we very disappointed in the way some of the Christmas tree bulbs were broken or completely removed. Within a matter of a few days after they were installed half of the trees along the front of Town Hall were almost completely bare.

We are hoping in the future we can obtain more cooperation from certain elements in the town so that this unnecessary destruction will not continue.

Several changes were made in the positions of the displays and additions made to the Nativity scene and the Aerial Santa displays. (We hope to the approval of the townspeople.)

The committee hopes the voters will continue their support, accept this report and continue this committee.

KATHERINE STEELE
JAMES MEADS
JOHN VIERA
FRANKLIN OLIVER

Airport Commission

Airport Manager

To the Provincetown Airport Commission:

This is the eleventh annual report of the Airport Manager to the Provincetown Airport Commission.

During 1958 the Provincetown Municipal Airport continued as an important factor in the economy of the town. During the winter months the Provincetown-Boston Airline provides the only scheduled common carrier transportation in and out of Provincetown. During 1958 the Airline carried 9,479 people between Provincetown and Boston. This represents a decrease of about 6% over the corresponding figure for 1957, however weather during the early summer months was definitely a factor in this as well as general over-all economy. The undersigned sees no reason why this decrease should be anything more than temporary.

During 1958 the automobile parking area at the entrance to the airport was expanded. Further, toward the end of the year negotiations between Provincetown-Boston Airline and the Airport Commission were commenced in anticipation of expanded terminal building facilities to be in operation during 1959. It is felt that this expansion is necessary to the efficient operation and handling of passengers. It is further anticipated that during 1959 the trans-

portation of Air Express in and out of Provincetown by the local airline will become a reality.

Without doubt the next necessary step at the airport is the expansion of ramp facilities and possibly even a taxi-way in order to more efficiently accommodate visiting aircraft during the summer months. At the present time the facilities are wholly inadequate with the result that many transient pilots are discouraged from landing at Provincetown Airport and staying for any period of time. On frequent occasions the ramp is crowded to the point that visiting aircraft have no place to park. It is hoped that possibly under the Federal Airport Act with funds already on hand the ramp area may be extended before the 1960 season.

I feel quite certain that the expanded facilities which residents of the town will find at the airport during 1959 will be just cause for pride and further realization of the asset which the airport is to the entire Cape Tip economy.

Respectfully submitted,

JOHN C. VAN ARSDALE

1958 Annual Town Meetings

Annual Town Meeting

On Monday, March 10, 1958, the Moderator called the meeting to order at 7:30 P.M. and Reverend Francis M. Coady opened the meeting with a short prayer.

Moved by Chairman of Selectmen Joseph Lema, Jr., to waive the reading of the Warrant.

Motion carried.

Article 1. To hear the reports of Town Officers and Committees and to act thereon.

Moved by David Murphy that the Gymnasium Committee be discharged and such duties and obligations of this Committee be transferred to the School Building Needs Committee.

/s/ William Tasha

/s/ David J. Murphy

/s/ William H. Cabral

/s/ Francis E. Rogers

/s/ George J. Silva

/s/ Joseph J. Roderick

Motion carried.

Moved by Joseph Lema, Jr. that the Town report be accepted in its entirety.

Motion carried.

Article 2. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1958, and to issue a note or notes therefor, payable within one year, and to renew note or notes as may be given for a period of less than one year, in accordance with Section 17, Chapter 44 of the General Laws.

Moved by Joseph Lema that the Town vote to authorize the Town Treasurer, with the approval of the Selectmen to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1958, and to issue a note or notes therefor, payable within one year, and to renew note or notes as may be given for a period of less than one year, in accordance with Section 17, Chapter 44 of the General Laws.

Motion carried 76 Yes to 0 No.

Article 3. To see what sum of money the Town will vote to raise and appropriate or transfer from available funds in the treasury

for the expense of the Town and salaries of Town Officers and departments for the fiscal year ending December 31, 1958.

For a total of \$251,029.00

Moved by Wesley Felton that the Town raise and appropriate the sum of \$251,029.00 for Education.

Louis Reis offered an amendment to change the figure in the motion to: The sum of \$148,000.00 for Personal Services Instruction, and \$2,000.00 of this amount to be used to increase the five lowest salaries up to \$4,000.00.

At this point Selectman Joseph Bent pointed out that with the increment and raise teachers would be receiving a \$400.00 increase. He urged turning down the \$148,000 amendment, and in its place offered another amendment of \$150,209.00 for Personal Services, Instruction.

On a standing vote, Mr. Reis' amendment for \$148,000 was defeated 4 Yes to 91 No.

Mr. Bent's amendment for \$150,290.00 was also defeated 18 Yes to 79 No.

Louis Reis then offered a third amendment of \$240,562.00 (\$10,000 over the 1957 School appropriation).

This third amendment was defeated 7 Yes to 76 No.

On a standing vote, Mr. Felton's original motion for \$251,029.00 was carried 98 Yes to 3 No.

Miscellaneous Finance Requirements

Maturing Debt	\$35,000.00
Interest on Debt	13,320.00
Interest on Temporary Loans	1,500.00
County Retirement	5,804.00
Workmen's Compensation	2,600.00
Parking Lot Leases	600.00
Public Building Insurance	12,000.00
Reserve Fund	10,000.00
Court Judgments	

For a total of \$80,824.00

Moved by Francis Rogers that the Town vote to raise and appropriate the sum of \$80,824.00 for Miscellaneous Finance Requirements, the \$10,000.00 of which is appropriated for the Reserve Fund to be raised by transfer from the Overlay Surplus Account.

Motion carried 51 Yes to 0 No.

Article 4. To see if the Town will vote to raise and appropriate or transfer from unappropriated available funds in the Treasury, the sum of \$32,000.00 for Chapter 90 Highway Construction, or take any other action in relation thereto.

Moved by Anthony Roda that \$32,000.00 be appropriated for Chapter 90 Highway Construction: \$4,000.00 to be raised by taxation; and that \$28,000.00 be transferred from Free Cash in the Excess and Deficiency Account.

Motion carried 50 Yes to 0 No.

Article 5. To see if the Town will vote to raise and appropriate or transfer from unappropriated available funds in the Treasury, the sum of \$3,000.00 for Chapter 90 Highway Maintenance or take any other action in relation thereto.

Moved by William Gordon that the Town vote to raise and appropriate \$1,000.00 and \$2,000.00 be transferred from Free Cash in the Excess and Deficiency Account.

Motion carried 47 Yes to 0 No.

Article 6. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 for partial replacement and modernization of the electrical wiring in Town Hall.

Moved by Nathan Malchman that the Town vote to raise and appropriate the sum of \$5,000.00 for partial replacement and modernization of the electrical wiring in Town Hall.

Motion carried 39 Yes to 0 No.

Moved by Louis Reis that Article 19 be taken up at this time. Motion carried.

Article 19. To see if the Town will vote to appropriate the sum of \$50,000.00 to be used in conjunction with previously appropriated funds for the construction of a shore protection bulkhead and related foreshore development; and to see if the Town will vote to raise \$2,500.00 of this sum and authorize the proper officials of the Town to issue ten year bonds or notes under the provisions of Section 7 of Chapter 44 of the General Laws, as amended, for the balance of \$47,500.00; to act fully thereon, or take any other action in relation thereto.

Moved by Louis Reis that this Article be laid on the table indefinitely.

Amendment not carried.

Moved by Nathan Malchman that \$50,000.00 be appropriated to be used in conjunction with previously appropriated funds for the construction of a shore protection bulkhead and related foreshore development: \$2,500.00 be raised by taxation; and that the proper officials of the Town issue ten year bonds or notes under the provisions of Section 7 of Chapter 44 of the General Laws, as amended, for the balance of \$47,500.00.

Motion carried 146 Yes to 6 No.

Article 7. To see if the Town will vote to raise and appropriate the sum of \$100.00 for the purchase of 25 metal folding chairs. Moved by Edward Salvador that the Town vote to raise and appropriate the sum of \$100.00 for the purchase of 25 metal folding chairs.

Motion carried.

20. Standard Grocery Co.	362.79
21. Ward Baking Co.	53.90
22. White Bros.	104.33

Motion carried 71 Yes to 0 No.

Article 25. To see if the Town will vote to accept the provisions of Sections 42A through 42F of Chapter 40 of the General Laws as amended, to enforce the collection of water rates by making unpaid water bills a lien upon the real estate.

Moved by Joseph Lema that the Town vote to accept the provisions of Section 42A through 42F of Chapter 40 of the General Laws, as amended, to enforce the collection of water rates by making unpaid water bills in lien upon the real estate.

Motion carried.

Article 26. To see if the Town will vote to raise and appropriate the sum of \$12,000.00 to provide a public comfort station with pay toilets at the Grace Hall Parking Lot.

Moved by Joseph Lema that Article 26 be indefinitely postponed.

Motion carried.

Article 27. To see if the Town will vote to adopt the following compensation plan as a By-Law:

Section 1. Title and Content.

(A) Title. The official title of this By-Law shall be the "Compensation Plan of the Town of Provincetown, Massachusetts."

(B) Legal Basis. This plan is hereby adopted pursuant to the provisions of Chapter 41, Section 108-C, General Laws of the Commonwealth of Massachusetts.

(C) Content. The Compensation Plan shall consist of Salary and Wage Schedule which shall apply to the positions included in Schedules A and B, which are hereby made a part hereof.

Section 2. Administration. This plan shall be administered by the Town Manager, who shall establish such rules, regulations, and procedures consistent with this plan as he deems necessary. He may make temporary amendments to be effective only until such time as they may be legally presented to the Town Meeting for action.

Section 3. Operation.

(A) Status of Present Employees. The rate of pay for each position in the Town at the effective date of the adoption of this plan shall be established in the following manner:

(1) If the wage or salary of the employee as of December 31, 1957, was less than the maximum established for the Grade assigned to his position, his rate shall be increased to the step in his Grade which is immediately higher than his present rate. This shall be his rate for 1958 and increases shall thereafter be made in accordance with the provisions of this plan.

(2) If the wage or salary of the employee as of December 31, 1957 is in excess of the maximum established for the Grade assigned to his position, his rate shall continue unchanged so long as it remains in excess of such maximum.

(B) Classification of New Employees. The rate of pay for any employee shall ordinarily be established at the minimum for the Grade of the position for which he is hired. With the approval of the Board of Selectmen, a person may enter into a job at a rate higher than the minimum but not in excess of the maximum for the Grade.

(C) Transfers and Promotions. The rate of pay for any employee transferred or promoted from one job to another shall be established at the rate in his new range next above the rate he was getting before his promotion or transfer. Promotions in the same job may be made by the Town Manager to a higher rate but not in excess of the maximum for that Grade.

(D) Effective Date of Increases. All increases shall be effective as of January 1 of each year. Progress through the range shall not be automatic if the Town Manager feels that the employee's prior year of service has not been satisfactory. When an employee is hired on or prior to July 1 of any year, his first salary increase may be effective as of January 1 of the following year. When an employee is hired after July 1 of any year, his first increase may become effective one year from the following January 1.

Section 4. Non-wage Factors of Employment.

(A) Hours of Work, Attendance, and Overtime. The number of hours per week, attendance at work, and pay or compensatory time off for work in excess of the normal work week, shall be established by the Town Manager by regulations made pursuant to the provisions of Section 2 of this plan.

(B) Annual Leave. Annual leave with full pay shall be granted to permanent full-time employees at the rate of one week for the first year of service, two weeks after three years of service, three weeks after ten years of service. Annual leave shall be taken at the convenience of the Town, at a time designated by the Town Manager.

(C) Sick Leave. Sick leave with full pay shall be granted to permanent, full-time employees at the rate of one-half day for each month of continuous service, from January 1, 1958, accumulative to a maximum of sixty working days. Sick leave shall not be considered a privilege which an employee may use at his discretion, but shall be allowed only in case of necessity and actual sickness or disability. To receive compensation while on sick leave, an employee must notify the Town Manager prior to or within four hours after the time set for the beginning of his regular duties. Proof of illness may be required by the Town Manager, but in any case, absence for more than three days shall be substantiated by a physician's certificate.

(D) Injury Leave. Injury Leave as distinguished from sick leave shall mean leave allowed an employee due to absence from duty caused by an accident or injury that occurred while the employee was on duty. Employees of the Town of Provincetown are covered by Workmen's Compensation Insurance and are paid certain stated amounts due to injuries received on the job. In the case of such injuries, provided that the employee shall have accumulated sick leave to his credit, the sums paid by the insurance company shall be so supplemented that the employee shall receive his regular rate of compensation until such time as the amount due said employee for accumulated sick leave shall have been exhausted, charging one-half day's sick leave for each day the employee is absent from duty.

(E) Jury Duty. Any permanent, full-time employee called for jury duty shall be paid by the Town an amount equal to the difference between the compensation paid by the Court (excluding travel expenses) and his normal compensation.

(F) Holidays. All permanent, full-time employees shall receive regular pay for all legal holidays falling on a regular work day, if not required to work on such days. If required to work on such a holiday, such employees shall receive additional pay or compensatory time off as determined by regulations adopted by the Town Manager pursuant to the provisions of Section 2 of this plan. (For the purposes of this section, the following will be considered legal holidays: January 1, February 22, April 19, May 30, July 4, Labor Day, October 12, November 11, Thanksgiving, and December 25.)

Section 5. Grievance Procedure. If any employee feels aggrieved by any provision of this plan or any regulation adopted in con-

formance with Section 2 hereof, he may submit his grievance to the Town Manager for settlement. If such grievance is not solved to his satisfaction by the Town Manager, he may appeal in writing to the Board of Selectmen for a final decision. The Board of Selectmen shall consider the grievance and render its decision in writing to the employee within thirty days.

Section 6. Temporary, Part-time, and Irregular Employment. The provisions of this plan shall cover only permanent, full-time employees of the Town of Provincetown, and it shall cover all job titles listed in Schedule A.

Section 7. Amendments. This By-law may be amended from time to time by vote of the Town at any regular or special Town Meeting.

Section 8. Conflict. If any provisions of this By-law shall conflict with any law or regulations applicable to any position, or any other law, it shall be deemed modified by the law or regulation sufficiently only to end the conflict. The invalidity of any provision thereof shall not be construed to invalidate any other provision hereof.

Section 9. Effective Date. This By-law shall become effective upon acceptance by vote of the Town Meeting, but such salary changes as are made herein shall be retroactive to January 1, 1958.

SCHEDULE A

Moved by Irving S. Rogers that this Article be adopted provided that Section 4, Item C. Sick Leave, be and hereby is rewritten by deleting the entire first sentence and substituting therefor the following sentence: "**Sick leave with full pay shall be granted permanent full-time employees at the rate of ten working days for each year of service beginning with January 1, 1958, accumulative to a maximum of sixty working days**" and further provided that a Committee of Five (5) persons, none of whom can be an elective or appointive Town Official or employee, be appointed by the Moderator to make a study and recommendations as to possible revisions and amendments to this plan and said Committee shall report by insertion of an article in the Annual Town Meeting Warrant for 1959 with their recommendations and revisions.

Motion carried 108 Yes to 2 No.

Article 28. To see if the Town will vote to raise and appropriate the sum of \$4,740.00 to put the salary provision of the compensation plan into effect during the current fiscal year.

Moved by Nathan Malchman that the Town vote to raise and appropriate the sum of \$4,740.00 to put the salary provision of the compensation plan into effect during the current fiscal year.

Motion carried.

Article 29. To see if the Town will vote to raise and appropriate the sum of \$2,500.00 for the salary of the Shellfish Constable.

Moved by Frank S. Bent that Article 29 be indefinitely postponed.

Article 30. To see if the Town will vote to raise and appropriate the sum of \$4,800.00 to provide for a \$300.00 cost-of-living salary increase for all Public Works personnel.

Moved by Joseph M. Creamer that article 30 be indefinitely postponed.

Motion carried.

Article 31. To see if the Town will vote to raise and appropriate the sum of \$11,370.00 or transfer from any available funds in the Treasury, to make and furnish additional patient rooms at the Cape End Manor by raising the roof over the kitchen ell, so-called. Moved by Irving S. Rogers that Article 31 be indefinitely postponed.

Motion carried.

Article 32. To see if the Town will vote to install and maintain street lights in the following locations:

1. One at the Center School Parking Lot.
2. Two at the Community Center Parking Lot.
3. Two at the Johnson Street Parking Lot.
4. Three lights on Shank Painter Road.

Moved by Joseph Lema, Jr. that the Town vote to install and maintain street lights in the following locations.

1. One at the Center School Parking Lot.
2. Two at the Community Center Parking Lot.
3. Two at the Johnson Street Parking Lot.
4. Three lights on Shank Painter Road.

Motion carried.

Article 33. To see if the Town will vote to authorize the installation of approximately 45 additional parking meters now owned by the Town at various off-street parking lots at such locations as are deemed appropriate by the Board of Selectmen, to act fully thereon or take any action in relation thereto.

Moved by Joseph Lema that the Town vote to authorize the installation of approximately 45 additional parking meters now owned by the Town at various off-street parking lots at such locations as are deemed appropriate by the Board of Selectmen, to act fully thereon or take any action in relation thereto.

Motion carried.

Article 34. To see if the Town will assume liability in the manner provided by Section 29 of Chapter 91 of the General Laws, as most recently amended by Chapter 5, Acts of 1955, for all damages that may be incurred by work to be performed by the Department of Public Works of Massachusetts for the improvement, development, maintenance and protection of tidal and non-tidal rivers and streams, harbors, tide-waters, foreshores and shores along a public beach, at Provincetown Harbor, including the Merrimack and Connecticut Rivers, in accordance with Section 11 of Chapter 91 of the General Laws, and authorize the Selectmen to execute and deliver a bond of indemnity therefor to the Commonwealth.

Moved by Joseph Lema that the Town assume liability in the

manner provided by Section 29 of Chapter 91 of the General Laws, as most recently amended by Chapter 5, Acts of 1955, for all damages that may be incurred by work to be performed by the Department of Public Works of Massachusetts for the improvement, development, maintenance and protection of tidal and non-tidal rivers and streams, harbors, tide-waters, foreshores and shores along a public beach, at Provincetown Harbor, including the Merrimack and Connecticut Rivers, in accordance with Section 11 of Chapter 91 of the General Laws, and authorize the Selectmen to execute and deliver a bond of indemnity therefor to the Commonwealth.

Motion carried.

Article 35. To see if the Town will vote to accept the Selectmen's Layout of Tremont Street from West Vine Street westerly to Atwood Avenue.

Moved by Joseph Lema that the Town vote to accept the Selectmen's Layout of Tremont Street from West Vine Street westerly to Atwood Avenue, bounded and described as follows: Commencing at a concrete bound located on the southwesterly side of West Vine Street, a Town Way, and at the northeasterly corner of the land of Olivia Sants, et al; thence running S 49°-30'-00" W by said land of Olivia Sants et al, by the land of Helen E. Santos and by the end of Atwood Avenue, a Private Way, a total of 133.12 feet to a concrete bound by the land of Jesse Meads et ux, being the terminus of said layout which is to lay on the northwesterly side of the above described course and which is to be twelve feet in width throughout.

For a more particular description, reference may be had to a plan of said layout entitled "Layout of Tremont Street—Continuation of 1870 Layout—As Laid out by the Board of Selectmen of the Town of Provincetown, January 1958—Scale one inch equals 10" dated February 1958 and drawn by Francis J. Alves, C. E. Provincetown.

Motion carried.

Article 36. To see if the Town will vote to accept and lay out Point Street, from a bound opposite the premises of Ursula Maine, to Bradford Street Extension.

Moved by William White that Article 36 be indefinitely postponed.

Motion carried.

Article 37. To see if the Town will vote to raise and appropriate the sum of \$450.00 to be used for the purpose of providing weekly outdoor band concerts by the Provincetown Band during the months of July and August, said sum of money to be expended under the direction of the Board of Selectmen.

Moved by Francis Rogers that the Town vote to raise and appropriate the sum of \$450.00 to be used for the purpose of providing weekly outdoor band concerts by the Provincetown Band during the months of July and August, said sum of money to be expended under the direction of the Board of Selectmen.

Motion carried.

Article 38. To see if the Town will vote to amend that part of the Zoning By-law under Section 1, "Establishment of Districts," Sub. Sec 1, "Classes of Districts," in order that the Zoning Map dated January 31, 1957 shall be amended so that a class R Commercial District shall extend along both sides of Bradford Street in a Southwesterly direction from Franklin Street to Beach Highway and to the depth of the present rear lot lines of property along said street.

Moved by John Alexander that Article 38 be indefinitely postponed

Motion to indefinitely postpone carried.

Article 40. To see if the Town will vote to appropriate from available funds in the Treasury, the sum of \$19,000.00 or any other sum, for use by the Board of Assessors toward reduction of the 1958 Tax Rate.

Moved by Francis Rogers that the Town vote to appropriate from available funds in the Treasury, the sum of \$19,000.00 for use by the Board of Assessors toward reduction of the 1958 Tax Rate.

Motion carried.

Article 41. To see if the Town will vote to amend that part of the Zoning By-Law under Section 1, Establishment of District, Paragraph 1, Classes of District, in order that the Zoning Map be amended to change the following described land from Class W Residential to Class O Commercial; beginning at a point on the Easterly side of Shank Painter Road at the intersection of Jerome Road and adjoining the land of Russell W. Watts, thence in a Northerly direction by Shank Painter Road 895 feet to land of George Holmes, Thence in a Southeasterly direction by land of Holmes 850 feet to land of the Town of Provincetown, thence in a Westerly direction following the lot line 772 feet to the point of beginning. This area comprises approximately 6 acres and is shown on a plan drawn by Francis J. Alves, Registered Land Surveyor, dated July 1957.

Moved by John Alexander to amend, after he had read the following report of the Planning Board.

REPORT OF THE PLANNING BOARD

In accordance with Section 6 of Chapter 40A of the General Laws

as amended, the Town of Provincetown Planning Board hereby submits its final report and recommendations to the Town Meeting:

In accordance with the above section of the General Laws the Planning Board advertised and then held a public hearing on petition, February 26, 1958 on the proposed change of the Town of Provincetown Zoning By-Law contained in Article 41 of the present Town Warrant.

At the hearing the proponent brought out that this area did not lend itself favorably as a residence area because of the existing commercial properties which nearly surround it and that a Class O Commercial District would build more Taxable property and be of best service to the Town. The proponent further stated a 40 ft. road layout beginning at Shank Painter Road and continuing to within 250 ft. of the Grace Hall Parking Lot would be available to the Town.

At the hearing no one spoke in opposition to this proposed change. Although the Planning Board agrees that the area is not best suited for residence it does not however feel that such a large area should be re-zoned and so offer an amendment to read:

To see if the Town will vote to amend that part of the Zoning By-law under Sec. 1, Establishment of Districts, Paragraph 1, Classes of Districts, in order that the Zoning Map dated January 1, 1957 shall be amended to change the following described land from Class W Residential to Class O Commercial; beginning at a point on the Easterly side of Shank Painter Road at the intersection of Jerome Road and adjoining the land of Russell W. Watts, thence in a Northerly direction by Shank Painter Road 895 ft. to the land of George Holmes and to a depth of 250 ft.

Respectfully submitted,

Town of Provincetown Planning Board

/s/ John J. Alexander, Chairman

/s/ Fred W. Rogers, Member

/s/ Howard W. Burch, Member

Motion carried 24 Yes to 8 No.

Special Town Meeting

Town Hall, Monday, June 23, 1958 at 7:30 P.M.

Barnstable, ss.

To either of the Constables of the Town of Provincetown

Greetings:

In the name of the Commonwealth of Massachusetts and in the

manner prescribed in the By-Laws of said Town, you are hereby directed to notify and warn the inhabitants of the Town qualified by law to vote in Town affairs to meet and assemble at Town Hall on Monday, the 23rd day of June A.D., 1958 at 7:30 o'clock in the evening then and there to act on the following articles to wit:

Article 1. To see if the Town will vote to amend the Zoning By-Law under Section 3 by adding under Class O Commercial District an item number 5 to read as follows: "Signs, excluding neon and off-premises advertising, provided that no sign shall exceed 32 square feet except that there shall be no restrictions as to the size of lettering of one sign for the purpose of indicating the name under which the company does business." (On request of Selectmen)

Article 2. To see if the Town will vote to amend the Zoning By-Law under Section 1 by adding a paragraph 2 to read as follows: "2 Definitions.

(a) Signs: Wherever the word "Sign" or "signs" appears in this by-law it shall be interpreted to mean any exterior device intended to convey a message by use of words, letters, numbers, pictures, or any combination of these.

(b) Size of signs. Wherever this by-law places a restriction as to the size of signs, such limitations shall apply to the total dimensions of sign facing in one general direction, so that the lettering on both sides of a sign of maximum dimensions will not be prohibited. In determining the dimensions of unframed lettering on a large background the size of the sign shall be measured by multiplying the height of the largest letter by the length from the beginning of the first letter to the end of the last letter. The height of an unframed sign of more than one row of letters or words, shall be measured from the top of the highest letter in the upper row to the bottom of the lowest letter in the bottom row, and the width of the sign shall be the width of the longest row." (On request of Selectmen)

Article 3. To see if the Town will vote to raise and appropriate \$1,000.00 for the expenses of the Committee authorized under Article 27 of the Annual Town Meeting held on March 10 and 11, 1958 and said funds to be used by said Committee primarily for retaining consultant services for a study and recommendations relative to the by-law designated "Compensation Plan of the Town of Provincetown", to act fully thereon or take any action in relation thereto.

Moved by Irving Rogers that \$1,000.00 be transferred from the Excess and Deficiency Account for the purpose provided for in and under this article for the purpose of the Committee and to retain consultant services for a study of the Town Plan.

Motion carried.

Article 4. To see if the Town will vote to raise and appropriate or transfer from available funds in the Treasury, the sum of \$1,500.00 for the purpose of loam surfacing a newly laid-out section of the Provincetown cemeteries.

Moved by Joseph Lema that the Town vote to transfer from

available funds in the Treasury, the sum of \$1,500.00 for the purpose of loam surfacing a new laid-out section of the Provincetown cemeteries.

Motion carried.

Article 5. To see if the Town will vote to raise and appropriate or transfer from available funds in the Treasury, the sum of \$2,500.00 to be used by the School Committee for architectural plans for additional space at the High School.

Moved by Raymond Souza that the Town vote to transfer from available funds in the Treasury, the sum of \$2,500.00 to be used by the School Committee for architectural plans for additional space at the High School.

Motion carried.

Article 6. To see if the Town will vote to raise and appropriate or transfer from available funds in the Treasury, the sum of \$1,000.00 to be used by the School Committee for engineering plans to protect properties abutting the School property.

Moved by Raymond Souza that the Town vote to transfer from available funds in the Treasury, the sum of \$1,000.00 to be used by the School Committee for engineering plans to protect properties abutting the School property.

Motion carried.

Article 7. To see if the Town will vote to raise and appropriate or transfer from available funds in the Treasury, the sum of \$3,631.25 to reimburse James M. Langan for services rendered in the case of Thurlow vs. the Town of Provincetown.

Moved by Joseph Lema that the Town vote to transfer from available funds in the Treasury, the sum of \$3,631.25 to reimburse James M. Langan for services rendered in the case of Thurlow vs. the Town of Provincetown.

Motion carried.

Article 8. To see if the Town will vote to raise and appropriate or transfer from available funds in the Treasury, the sum of \$408.60 to pay the following back bills from the fiscal year of 1957:

Dr. Daniel H. Hiebert

\$408.60

Moved by George Baker that the Town vote to transfer the sum of \$408.60 from available funds in the Treasury to pay the following back bill from 1957 to Dr. D. H. Hiebert.

Motion carried.

Article 9. To see if the Town will vote to raise and appropriate or transfer from available funds in the Treasury, the sum of \$2,000.00 for the purpose of acquiring a parcel of property from the Knights of Columbus, in conjunction with the development of our waterfront facilities, to act fully thereon or take any action in relation thereto.

Moved by Joseph Macara that the Town vote to transfer from

available funds in the Treasury, the sum of \$2,000.00 for the purpose of acquiring a parcel of property from the Knights of Columbus in conjunction with the development of our water-front facilities bounded and described as follows:

Commencing at a point in the northeast corner of the premises by Commercial Street and the land of the Monument Fish Co., Inc.;

Thence running S 27-31' E by said land of the Monument Fish Co., Inc., 89.98 feet to a pipe;

Thence running S22-19' E still by said land of the Monument Fish Co., Inc., 35.14 feet more or less to the high water mark;

Thence turning and running southwesterly by said high water mark 7.50 feet more or less to remaining land of the grantor;

Thence turning and running in a northwesterly direction in a line with the easterly side of the K. of C. Hall, so called, and 15.00 feet therefrom, 123.00 feet more or less to Commercial Street;

Thence turning and running N60-46' E by said Commercial Street 12.00 feet more or less to the point of beginning.

Containing an area of 1358. square feet more or less and being a portion of the premises conveyed to the grantor by deed from the Commonwealth of Massachusetts, dated November 28, 1947, and recorded with the Barnstable Registry of Deeds, in Book 685, Page 161 and shown on a plan entitled "Land of the Commonwealth, Commercial Street, Provincetown to be conveyed to the Walter Welsh Council No. 2476 Knights of Columbus under authority of Chapter 314, Acts of 1947, Department of Public Works of Massachusetts, October 1947, Acc. 02628" recorded therewith.

The above described premises being subject to an easement reserved by the Commonwealth, said easement extending five feet either side of the center line of a concrete drain which passes through a part of said premises, for the purpose of entering upon said premises for the maintenance or repair of said pipe at any time.

Motion carried.

ANNUAL REPORT
of the
School Committee
and
Superintendent of Schools
of
PROVINCETOWN, MASS.
for the
YEAR ENDING DECEMBER 31, 1958

REPORT OF THE SCHOOL COMMITTEE

At a recent meeting of the School Committee it was voted:
To accept the report of the Superintendent of Schools and to
present it to the town as the report of the School Committee.

RAYMOND W. SOUZA, Chairman

Report on Plans to Repair the Banking of Grace Hall Parking Lot

At a special town meeting held on June 23, 1958, an amount of
\$1,000.00 was voted, at the request of the School Committee, for

IN MEMORIAM

George Rogers

School Custodian and Attendance Officer from 1936—1956

engineering plans to protect properties abutting the school property. The School Committee has engaged the services of Mr. Francis Alves to draw plans and furnish estimated cost for a bulkhead or retaining wall on the south and east banking of the parking lot.

It was hoped to have a definite report on plans and estimated cost ready for the Annual Town Meeting. However, a definite report is not ready at this time and so this is submitted merely as a report of progress. A definite report will be submitted at a later meeting.

Respectfully submitted,

RAYMOND SOUZA, Chairman
JOSEPH ALVES
MRS. CATHERINE CADOSE
HERMAN DeSILVA
WARREN PERRY
JOSEPH TAVES

AGE OF ADMISSION TO SCHOOL

Any child who becomes six years of age on or before January 1 of the year following the fall term when he wishes to enter school, may be admitted into the first grade. Pupils under seven years of age, who have not previously attended school, shall not be permitted to enter later than thirty days after the opening of school in September.

SUPERINTENDENT OF SCHOOLS

H. L. MUSHROE

STAFF CHANGES

1. Mr. Colman Nice was appointed as teacher of English in Grades VII and VIII replacing Mr. John Williams.
2. Mr. John Williams was transferred from Junior High School to teach Social Studies in Grades IX-XII.

3. Mr. Thomas Hennessey and Mrs. Phebe Rogers assumed the teaching of the English classes which were formerly taught by Mr. Joseph Condon who resigned in June.
4. Mrs. Laura Clement was appointed Art Supervisor of Provincetown and Truro to replace Miss Glenda Hilton who resigned in June.

IMPROVEMENTS

The following improvements in the facilities in the Provincetown Schools were effected:

1. Five rooms, corridors and offices on the first floor of the High School were tiled.
2. The six rooms on the first floor of the High School and the Cafeteria were painted by the custodians in addition to other areas that are usually painted during the summer.
3. Five of the classrooms on the first floor of the High School were furnished with new desks and chairs.
4. New storage cabinets were built in six of the classrooms on the first floor of the High School.
5. Four new typewriters and a new mimeograph machine were purchased for the Commercial Department.
6. Gym mats and gym ropes were purchased for the gymnasium.
7. Two outdoor mats were purchased for the Veterans Memorial School.
8. A floor machine for the High School was purchased.
9. Four desk files for the first floor of the High School were purchased.
10. Curbing around the driveway of the High School was constructed.
11. Two storage rooms in the High School were waterproofed.
12. A different fire alarm system was installed at the High School.
13. A section of the south side of the High School was waterproofed.
14. The fire box in the High School boiler was rebuilt.
15. The boiler room was re-wired.
16. Nineteen bookkeeping units were purchased for the Commercial Department.
17. New shades were purchased for the first floor of the High School.
18. A new tape recorder was purchased for the High School.
19. All locks on the classroom doors were repaired.
20. A new refrigerator and an upright deep freeze were purchased for the High School cafeteria.

EVENING CLASSES FOR ADULTS

The following evening classes for adults are being conducted:

Rug Hooking	Mr. Edward Enos
Furniture Upholstery	Miss Dorothy Crowell
Painting and Sketching	Mr. Henry Hensche
Jewelry	Mr. Edward Dickey
Leather	Mr. Albert Weissberg

The Advisory Committee for this program, comprised of Mrs. Anita Berman, chairman, Mrs. Ernest Tarvis and Mrs. Wesley Felton, is to be complimented.

NEED OF ADDITIONAL SPACE AT THE HIGH SCHOOL

Last year in the Annual School Report, I called attention to the

critical need for additional room at Provincetown High School by 1960-61 based upon enrollment figures. I also pointed out that several areas, such as Household Arts, Industrial Arts, Science Laboratory, Cafeteria, and Gymnasium are inadequate. The recommendation that a Building Survey Committee be appointed at the Annual Town Meeting was turned down because the consensus of opinion seemed to be that the School Committee should serve as such a committee. At a Special Town Meeting in June, \$2500.00 was voted at the request of the School Committee for the Committee to prepare preliminary plans and estimated cost for providing additional space at the High School.

A proposed educational program form was submitted by the Superintendent to the State Building Assistance Commission. After a conference with the Commission at Boston, the Administrator of the Commission informed the Superintendent that the present building lacks all of the necessary spaces except the Auditorium and twelve non-specialized classrooms for a program for an anticipated enrollment of 420 pupils as indicated by projected enrollment figures.

An architectural firm, Alger and Gunn, was engaged in July by the Committee to draw up preliminary plans and estimated costs according to the needs as stated by the State Building Assistance Commission. The School Committee has met with the architects six times as of this date. Several members of the Committee and the Superintendent went to Boston September 18 for a Building Needs Conference with officials of the Building Assistance Commission. At that conference the officials recommended that the Committee explore the possibility of a regional organization with Truro as well as a plan to provide additional space at the present building. Last October 20, two officials of the Commission came to Provincetown and met with the Provincetown Committee first and later with both Committees of Provincetown and Truro concerning a regional organization.

NEED FOR ADDITIONAL ROOM

Based upon the enrollment figures of the elementary school along with those of Truro, as of October 1, 1958, it will be necessary to have three sections or divisions in the 7th grade next year and three divisions in both the 7th and 8th grades the following year. This is on the assumption that all of the 7th grade Truro students will come to Provincetown as they did this year and the present indication is that this will happen.

Enrollments—October 1, 1958

	Grade 1	Grade 2	Grade 3	Grade 4	Grade 5	Grade 6
Provincetown	66	72	64	57	84	62
Truro	14	13	13	16	18	20
	80	85	77	73	102	82

This increased enrollment will reflect in grades 9-12 and additional sections will probably be needed in some required subjects and in some elective subjects.

A comparison of the births with first grade enrollment figures indicate a very close correlation.

Births		Corresponding First Grade Enrollments	
1946	61	1952	67
1947	85	1953	83
1948	81	1954	94
1949	59	1955	58
1950	69	1956	71
1951	76	1957	74
1952	76	1958	66
1953	73		
1954	66		
1955	102		
1956	71		
1957	72		

Three possible solutions to the problem have been studied, namely, the use of the Bradford School for Grades 7 and 8, a regional organization with Truro, and the remodeling of the basement floor and an addition to the present building.

USE OF BRADFORD SCHOOL

Advantages

Lower cost to the town to provide additional space. However, it would involve an outlay of about \$140,000.00 to make this building adequate for the 7th and 8th grades in order to provide a reasonable program since the building contains only six classrooms, and a basement area. In order to provide for Household Arts, Industrial Arts, Cafeteria, etc. additional space would be necessary.

Disadvantages

1. The use of this building will not solve the problem of inadequate areas at the High School.
2. The use of this building would result in the duplication of certain facilities such as Household Arts, Industrial Arts, Cafeteria, and Physical Education which can be provided for in one building for all grades 7-12 more economically.
3. A teacher assignment problem in the above special area such as Household Arts, Industrial Arts, etc.
4. The present organization of the High School is a so-called six-year organization and many of the present teachers teach subjects on both levels, the 7th and 8th grade level and the 9-12 grade level. If the 7th and 8th grades were housed in a separate unit some distance removed from the High School, this would necessitate a reassignment of the present staff which could result in some teachers being assigned to subjects outside of their present field.

REGIONAL ORGANIZATION

Advantages

1. This would mean a new building with complete educational facilities, well planned.
2. Additional 15% reimbursement annually from the State on Chapter 70 funds in addition to 35% reimbursement on the cost of the building.
3. A sharing of the cost by the two towns.

Disadvantages

1. Abandonment of present building. The Administrator of the

- State Building Assistance Commission has indicated that the State will not approve the use of the present building for a regional school.
2. Cost of a new building. Estimated cost of a new regional building to meet the requirements of the State Building Assistance Commission would be somewhere around \$1,429,000.00. Allowing for a 35% reimbursement from the State and prorating the cost between the two towns the cost to Provincetown would be about \$740,000.00 depending upon the basis of proration.
 3. Same curriculum. A regional organization would be serving the same school population as is being taken care of at the present time, so the offerings of the curriculum will not be any broader than they are now or can be with additional space provided. If the region were going to serve other towns in addition to Provincetown and Truro, which would mean an increased enrollment and a larger instructional staff, a broader curriculum would probably be offered.

REMODELING AND ADDITION TO PRESENT BUILDING

Advantages

1. Lower cost to the town than a regional school. The cost of the remodeling and new construction to meet our needs, based upon the requirements of the School Building Assistance Commission, would be about \$460,000 after allowing for 20% reimbursement from the State on the new construction, if approved.
2. The problem of inadequate areas solved and necessary additional space provided.
3. Improved Household Arts, Industrial Arts, Cafeteria, and a new gymnasium will accommodate all grades 7-12 without duplicating these facilities which would be the case if grades 7 and 8 were housed in the Bradford School.
4. More centrally located geographically than a new regional building.
5. Makes use of a building that is structurally sound and a building that is educationally sound in respect to twelve classrooms and an auditorium.
6. If more elementary rooms are ever needed this would leave the Bradford School available for use for the grades.

Disadvantages

1. Higher cost to the town than the use of the Bradford School but would provide a better educational organization.
2. Perhaps not as well planned as a new regional building, but functional. This is the plan that your Superintendent endorses most favorably.

Your Superintendent is fully cognizant of the fact that any construction will necessarily result in an increase in the tax rate. However, a school official would be remiss in his duty if he did not call attention to what in his opinion is needed and recommend a solution to the problem. Then, the final decision must rest with the citizens. If something is not done in the way of providing additional space by the school year 1960-61, it appears that double sessions will be necessary.

HIGH SCHOOL PRINCIPAL

GEORGE F. LEYDEN

I herewith submit my twenty-second annual report as Principal of Provincetown High School.

ENROLLMENT

High School Enrollment by classes as of December 20, 1958, is as follows: (these figures include the Vocational School).

Class	Boys	Girls	Total
Senior	18	25	43
Junior	20	29	49
Sophomore	29	25	54
Freshman	35	19	54
Total Enrollment			200
Junior High Enrollment by grades is as follows:			
Grade Seven	31	42	73
Grade Eight	26	34	60
Total Enrollment			133
Junior Practical Arts Classes			
Total Enrollment	12	2	14
Grand Total			347

REGISTRATION BY CLASSES

Elementary Algebra	37	Problems of Democracy	26
Applied Math	28	English IV	43
Automotive History		American History	44
and Civics	25	Life Adjustment	27
Art	140	World Geography	28
Biology	45	Business Arithmetic	26
Bookkeeping	6	Algebra II	19
Building Citizenship	25	World History	19
English I	54	French I	24
English II	54	French II	21
English III	49	Vocational High School	28
General Science	50	Typewriting I	31
Business Science	10	Typewriting II	11
Vocal Music	116	Typewriting III	9
Instrumental Music	28	Vocational Household Arts	12
General Mathematics	12	Physics	13
Latin I	17	Mechanical Drawing	41
Latin II	7	Conversational French	9
Manual Arts	67	Household Arts	80
Plane Geometry	24	Driver Education	21
Stenography I	17	Physical Education (Girls)	170
Stenography II	9	Physical Education (Boys)	167

INCREASE IN ENROLLMENT

For the past several years there has been a gradual increase in our school enrollment. This increase, considered on a year to year basis, is not very noticeable. If, however, the increase is surveyed over a period of years, the statistics presented below indicate that we are about to be confronted with over crowded conditions which are in dire need of solution.

Year	Enrollment	Increase
1955	304	9
1956	308	4
1957	323	19
1958	347	24

NEXT TWO YEARS ENROLLMENT TO GRADE SEVEN

September	Provincetown	Truro	Total
1959	65	20	85
1960	83	18	101

Next September we are going to be forced with the necessity of having a third seventh grade division. This condition will require an additional teacher and an additional room. The following school year 1960-61 will present a more serious problem due to the fact that there are eighty three pupils from our own system alone coming into our seventh grade. Beginning September 1960-61, we shall have three seventh grades and three eighth grades. These circumstances will create over crowded conditions throughout the school, and, in turn, will necessitate two additional teachers and two classrooms.

These problems have been foreseen by the school authorities and have been the subject of much consideration over the past year. These problems must be solved and, I hope, that they will be solved in such a manner that the pupils will not be deprived of educational facilities to which they are entitled.

INADEQUATE AREAS

For some time now our facilities have been usable but inadequate when looked upon from the viewpoint of modern functional education requirements. There are several inadequate areas in our school the Storage Area, the Science Laboratory, the Commercial Department, the Household Arts Department, the Manual Arts Department, the Gymnasium, the Cafeteria, and the Art Department.

PUPILS ATTENDING SCHOOLS OF HIGHER EDUCATION**Class of 1955**

George Bryant	Wesleyan University
James Ferreira	Northeastern University
Donna Hurd	Salve Regina College
Dennis Mooney	University of Massachusetts
Kenneth Santos	Boston University
Stephen Goveia	Springfield College
Robert Welsh	Holy Cross College

Class of 1956

Fanny Farmer's Cooking School
Utah State College
Massachusetts General
Bridgewater Teachers College
Bently School of Accounting
Occidental College

COURSE OF STUDY

Five different courses are offered in our high school. They are as follows:

1. The General Course
2. The Commercial Course
3. The College Course
4. The Vocational Household Arts Course
5. The Vocational High School Course

These Courses are organized to fit the needs, aptitudes, and capacities of the students we know are registered in our school. The courses are carefully tailored to meet the wide range of individual abilities which make up our student body. These courses, if selected wisely, will bring to fruition the best efforts of the respective students. In order to insure this fact, parents and students should consult freely with Mr. Arthur Malchman, our Guidance Counsellor. The above courses offer the opportunity for the mastering of fundamental processes which are necessary for every-day living. It is well to note that in our six year plan we offer the following:

1. Six years of Mathematics,
(through Solid Geometry and Trigonometry)
2. Six years of Science, (Chemistry and Physics)
3. Six years of Social Studies
4. Six years of English

At the present time, when there is so much criticism of Secondary Schools, I wish to focus attention on the fact that we offer these subjects listed above to our students. It is a sad commentary, however, to state that too many of our students take great pains to avoid Mathematics and Science. This is due to the fact that both of these subjects require constant and rather intense application on the part of those registered in these courses.

We offer Social Studies Courses such as Building Citizenship, Problems of Democracy, and Life Adjustment, for the purpose of affording the pupils opportunity to develop a feeling of patriotism, respect for law and order, and to acquaint them with some of the essential facts that make up our complicated political and social life in our world today.

Once again, I urge, that a teacher be employed who will have experience in library work and be also skilled in dealing with and aiding our teachers in the solution of some of the reading problems which plague a substantial number of our students.

MARKS AND ATTENDANCE

Students are marked with letters. The significance of these letters is as follows:

- A. High honor mark indicating outstanding achievement.
- B. Honor mark indicating a quality of accomplishment which is commendable and which certifies to college the individual without special examination.
- C. Satisfactory work indicating a quality of accomplishment sufficient for continuation of the subject.
- D. A passing mark but not satisfactory.
- E. Not passing; no credit allowed.

Marks are a measure of the educational growth of a student in any one subject, insofar as the growth of the student can be estimated by the teacher. In making this estimate, the teacher considers a number of factors including contributions to class discussion and the result of oral and written tests. Two factors which commonly cause able students to receive low marks are poor attendance and lack of home study. Any student who wishes to succeed in high school and compete with able students must have a quiet place at home to study and make very good use of that place. Parents, interested in the progress of their children, should insist on a regular attendance at school, health permitting. They should also make a special effort to provide a quiet place for study at home.

The Provincetown High School is a member of the New England Association of Secondary Schools and Colleges. This organization is rapidly becoming recognized as the accrediting body in the Northeastern States.

ATHLETICS

I still am of the opinion that our athletic program should be broadened so that a greater number of our pupils will be able to participate in the program. There are many of our students who can not meet the standards required for participation in football, baseball, and basketball. There are, however, a number of other games in which some of our pupils might be interested and in which they might excel. They are deprived however, of the opportunity to show what they might be able to do because we do not offer a broad enough athletic program.

CONCLUSION AND APPRECIATION

There are many times during the course of the school year when we have to appeal to the many friends of the school to support our various activities. I wish to thank the public in general for their loyal support and understanding patience in this regard.

My thanks and appreciation is also extended to our splendid faculty for their loyalty and cooperation in helping to make our school a good school. Last, but not least, I wish to convey my deepest appreciation to our Superintendent of Schools, Mr. Harry Mushroe and the School Committee, for helping to make the task of administration of the school a most pleasant one.

VETERANS MEMORIAL SCHOOL

WILLIAM L. ROCHE

I herewith submit my fourth annual report as Principal of the Veterans Memorial School.

ENROLLMENT

Teacher	Grade	Enrollment
Miss Hilda Dennis	1	21
Mrs. Frances Francis	1	22
Mrs. Mary Rogers	1	22
Miss Lucinda Anthony	2	34
Miss Helen Sylvia	2	36
Miss Bessie Corea	3	32
Mrs. Florence Nickerson	3	32
Mrs. Mary Alves	4	28
Mrs. Delphine DeRiggs	4	28
Mrs. Grace Collinson	5	28
Mrs. Eva Dutra	5	29
Mrs. Helen Lane	5	28
Mrs. Wilhelmina Lopez	6	32
Mrs. Madeleine Perry	6	31
Total Enrollment		403

During the school year of 1958, work was undertaken in re-evaluating the Report Cards for the school. This was one facet of the Course, "Trends and Practices in the Elementary School" provided by the State Department of Education. It had been suggested that the represented schools work cooperatively in an area requiring attention and so the staff of the Veterans Memorial School chose this. After many weeks of appraising Report Cards in use in every community of the Commonwealth, and research by individuals as well as the State Department, a card was devised for Grades 1, 2, and 3 which was first used in October. It is hoped that the Report Card for Grades 4, 5, and 6 will be ready within the next few months.

Professional improvements was realized by most of the teachers in the two courses given in Provincetown by the Extension Services of the State Department of Education. One of the courses has already been referred to and the other is "Tests and Measurements." The attendance and enthusiasm demonstrates to the community that the teachers are desirous of participating in these functions. Geographically, such courses nearly amount to a luxury. Were we nearer to a city with its colleges, obtaining credits would be so much of a routine. Meeting with professional people other than our daily companions often enables us to see a little beyond ourselves.

On May 15, 1958, one hundred sixty children participated in a Minstrel and Variety Show held in the Multi-Purpose Room of the school. Such an undertaking provides the children with an opportunity of realizing that the success of a group activity depends upon the effort of each individual concerned. Special mention should be made of the assistance given so graciously by Miss Beatrice Welsh and Mrs. Mary Alves.

Closing exercises were held at the school for the sixth grade pupils

on June 3, 1958. The affair was well planned and efficiently coordinated by Mrs. Wilhelmina Lopez and Mrs. Madeleine Perry. Mr. H. L. Mushroe, our Superintendent of Schools, addressed the group. Perhaps the true significance of this exercise is that of publicly reminding the children of the responsibility that they have to themselves and also to the community during their next six years of school.

The Annual Whist Party to aid the yearly Christmas Party was held on November 21, 1958. This was a financial as well as a social success and the activity was arranged under the leadership of Mrs. Delphine DeRiggs.

The Provincetown Parent Teacher Association and the Provincetown Symphony Association co-sponsored a concert by a String Quartette for the children in Grades 4, 5, and 6, on November 21, 1958. The members of the Quartette are all on the Staff of Brandeis University. The reactions were a pleasure to observe and indicate that the young can enjoy the beauty of such things.

The Annual Christmas Party was held on December 22, 1958. Presents and refreshments were distributed by Santa. The affair was made possible by the proceeds of the Whist Party, the sale of Christmas Candy, and the commission from Alston pictures. The Knights of Columbus assisted in making refreshments available.

Mrs. Fannie Fields and her three very able assistants, Mrs. Florence Perry, Mrs. Mary Tasha, and Miss Edith Peters, continue to operate a most efficient cafeteria. Mrs. Fields drew high praise from the State School Lunch Program for the appetizing food served and for her extremely high percentage of children participating daily in the program.

Our two custodians, Mr. James Sants and Mr. Raymond Zawalick, maintain our school by diligence and not a small amount of affection. It is psychologically cheerful for the children and teachers to spend their days in such attractive physical surroundings. It must be reassuring for the parents to realize that their youngsters are secure in this modern plant.

Our school nurse, Mrs. Helen Pierce, R.N., serves in a very comprehensive manner. Her constant willingness to do more than is expected and her ability to do the tasks she undertakes in a professional way, adds greatly to the efficient administration of this building. She is the liaison between the school and the home, explaining findings of physical examinations, urging correction of defects, follow up on vision and hearing test failures, regarding hot lunches, and frequent absence.

I would like to acknowledge the leadership and cooperation of Mr. H. L. Mushroe, our Superintendent of Schools, and the School Committee of our town.

In closing, I want to thank all the teachers who have worked diligently to give the children of Provincetown a good solid foundation upon which they may build a successful and happy future life. The success of educational endeavors is not of the scope to be judged in the present. It is more to be likened to the sowing of seeds, the harvest being the individual and his life.

PROVINCETOWN VOCATIONAL SCHOOL

KENDALL KNOWLTON

Herewith submitted is the Vocational High School Report. Vocational education is for students of mechanical ability and aptitudes who can profit by this education.

The Vocational school course of study is as follows:

1. 50% of the student's time is spent at shop studies.
 - a. In shop the students are given experience in all phases of automotive repairs of the type encountered in their trade. Taught along with automotive studies at the shop are electric welding, acetylene welding, soldering machine work and diesel engine repairs.
2. 25% of the student's time is spent at Related Studies.
 - a. In related studies the pupils are taught mathematics, drawing and related theory. All of these studies are related to their trade and are on actual shop jobs they have performed or will perform on actual jobs in the shop.
3. 25% of the student's time is spent in academic studies.
 - a. These days, a craftsman can't get by just with his hands. He has to know English, Science, and History. Vocational Schools devote less time to these subjects than general high schools, but the good ones turn out educated citizens prepared to make their way in the world.

What was done this year:

1. This year we requested and received from the State Department of Vocational Education a complete course of study for our Vocational School. Having this course of study will make our school program compare with other Vocational Schools in this State.
2. Automatic controls were installed on the heating system.
3. The rear yard was resurfaced by the Town Department.
4. The equipment was repaired and obsolete equipment replaced.
5. A 671 G.M.C. diesel engine was obtained and set up for our diesel program.
6. The internal area of the shop was repainted where needed.
7. Qualification for entrance was maintained by aptitude and mental ability tests.

The student is entered in Vocational Training on completion of eight years in General Education at the age of 14 years or more. When he has satisfactorily completed four years in Vocational training he graduates with a Vocational Certificate and a High School Diploma.

The Vocational School teachers are Mr. Antone Kolz, Jr. in related studies, Mr. Kendall Knowlton in Shop Studies, Mr. David Murphy Science, Mr. John Williams, History and English. Mr. Arthur Malchman is the guidance counsellor.

In closing I wish to thank all those who have cooperated in improving our Vocational Program this year and in the past.

GUIDANCE COUNSELLOR

ARTHUR P. MALCHMAN

I herewith submit my annual report as Guidance Counsellor for the Junior-Senior High School, the Veterans Memorial School and the Automotive Vocational High School.

Realizing the need for early personal and vocational guidance, before a child becomes set in undesirable ways, it is my hope that I will be able to teach a guidance class in the eight or ninth grade.

Research has found that youngsters in the eight and ninth grades are intensely interested in the future, and in vocational plans and ambitions. Students at this age are ready to earn money, and many already have part-time jobs. This, I feel, is the appropriate time to start vocational and educational counseling. Through a class for the Junior High your guidance teacher, working closely with the classroom teacher, could help each student become aware of his intellectual capacity, his strengths and weaknesses, and his academic achievement.

The relationship between ability and achievement is discussed, and the student is helped to take advantage of his learning potential. Through the cooperation of the guidance teacher, the principal, the classroom teacher, the school has developed a program designed to bring self-realization to the student.

In planning the right high school program most high school students take English for 4 years, math for 1, science for 1, and social studies for at least three or four. The problem lies in what subjects students will choose beyond required subjects that take up about half of their time. Deciding what is more important and what is less important among the electives is particularly vital in the case of the abler student, who must be challenged and held to high standards of performance. For the academically talented, it is suggested that 2 or 3 additional years of science, 3 additional years of a foreign language, and an additional 2 years of math.

Making the right decisions, in the 9th grade, about what high school subjects to take can avert many problems of admission to college or other forms of post-high school education later. It is for this reason that I request the parents of eighth grade students to meet with me to discuss and explain the curriculum in the high school. This will be followed by individual interviews for each eighth grader to try and get them properly registered in a course commensurate with their abilities and interests.

Our testing program, which consists of about forty standardized and non-standardized tests, compares very favorably with any school of our school population. This program affords the parents of the elementary school children an opportunity to see how their children progress from one year to the next. This is shown graphically by means of an individual profile for each pupil. I would welcome the opportunity to discuss any segment of this program with any parent.

In closing I wish to thank all those who have been so cooperative and helpful.

COMMERCIAL DEPARTMENT

KATHLEEN J. MEDEIROS

I herewith submit my annual report of the Commercial Department of the Provincetown High School.

It has been gratifying this past year to see our commercial graduates employed at local businesses. A follow-up of these students indicates the complete satisfaction and harmony between employer and employee. It has been our policy to instruct our students to fulfill their obligations in local businesses to the best of their abilities. Several of our graduates have continued their education by enrolling in colleges or business schools.

Accuracy with speed continues to be the aim of our typewriting and shorthand classes. Our second year group is already taking 120 words per minute. Once a week an editorial or news article is transcribed into shorthand, thus enabling the students to increase their stenographic vocabularies. Christmas cards were prepared by the beginners and were on display in the classroom.

In bookkeeping, the class is at present discussing withholding tax forms, social security forms, and payroll savings forms. The bookkeeping sets include cash drawer tapes and the transactions are recorded from these tapes, thus making the records as true to life as possible. Accuracy and neatness are the objectives of this course.

Rhythm, accuracy, and speed are stressed in typewriting daily. Occasionally art typing is illustrated and students are given an opportunity to display some hidden artistic talents on the machine. May I take this opportunity to express my appreciation for the cooperation received during the past year.

HOMEMAKING DEPARTMENT

ANNE H. SPETS

I herewith submit my report for the Household Arts Department of the Provincetown Junior-Senior High School.

In the Junior High School, each girl is required to take two periods of Household Arts per week. In the seventh grade, emphasis is placed upon fundamental procedures and processes in Foods; correct diet and nutrition are discussed. In Clothing, the girls learn basic methods of clothing construction and machine stitching. In the eighth grade, the girls enlarge upon their previous experiences in the department.

In the Vocational Household Arts class, the senior high school girls take an all-over view of homemaking. This year besides four periods per week of Foods and four of Clothing, the program has included the study of personality development, family living, child care, budgeting, consumer buying, some interior decoration, and grooming. Last spring Home nursing was taught by Mrs. Pierce. Upon completion of the course, the girls received certificates from the Red Cross.

The aim of the Vocational Household Arts course is to enable

the pupils to be more worthwhile family members today and more able homemakers in the future.

INDUSTRIAL ARTS

RICHARD SANTOS

I am pleased to submit my 10th annual report for the Manual Training Department of the Provincetown Junior-Senior High School.

Woodworking and Mechanical Drawing continues to be our main courses of study. This year there is a slight increase in enrollments in both departments.

In the Junior High School, shop courses are compulsory with one semester of mechanical drawing and 3 semesters of woodworking offered each pupil. The High School shops are elective with two semesters of advanced mechanical drawing offered to the college technical students and as many wood shop semesters offered as the students programs can accommodate.

This year's major wood project up to this time is the shaping, bending, and finishing of water skis for the coming summer season. Presently there are 18 pair in various stages of construction.

The administration has instructed your instructor to make a better effort in the selection of projects and in the collection of monies for the projects. So any effort in the part of the parents in accomplishing these goals will be greatly appreciated.

There has been no major acquisition of equipment in the shop. All tools and supplies remain the same as in the past reports. I wish to thank all those who have shown interest in this department.

Thanking you.

JUNIOR PRACTICAL ARTS

DENNIS M. ARESTA

I hereby submit to the town of Provincetown my report as teacher of the Junior Practical Arts Class.

A child's feeling of security, of belonging and accomplishment are often defeated because of the child's inability to cope with the standard requirement of his environment. It is with this in mind that we state the major objective of the Junior Practical Arts Class. The major objective is to educate and prepare the mentally handicapped child to conquer the problems of every day existence. The activities in this class are concerned primarily with the child's education for achievement in the world of knowledge, in the occupational field, in social relations and in leisure time. The capabilities of each child are discovered and utilized.

The school day is divided into short periods because the child's

limitations are greater and his interests less varied and less extensive than those of other children. Fifty percent of the day is dedicated to academic work. The remaining time is devoted to arts and crafts which enables the students to acquire skill and coordination.

To insure the student's physical growth and development they are coordinated into the physical education program.

I recommend that every effort be made to institute another class for those children who because of their age must wait to be admitted to the Junior Practical Arts Class.

I wish to express my appreciation to those whose assistance and cooperation I have received.

GIRLS' PHYSICAL EDUCATION

ELIZABETH DERIGGS

I herewith submit my annual report as physical education instructor for girls in the Provincetown Schools.

The physical education program of the past year provided opportunities for controlled participation in activities which will result in good sportsmanship, honesty, cooperation, and team work.

It provided equal opportunity for each student to develop total physical fitness. During the past year, the President's council and the Massachusetts Health and Physical Education Association has stressed the need of physical fitness for our youth. Many tests have been developed to evaluate the physical fitness of the boys and girls. One of these tests, Kraus-Weber, which gives a minimum evaluation of their fitness, was given to the Junior and Senior High School last September. Seventy percent of the students passed the test, with the highest percent of failure due to the flexibility of the test. I hope to give this test to the Elementary School in January.

The following activities were included in the program:

1. Conditioning Exercises
2. Apparatus
3. Tumbling
4. Pyramid Building
5. Low Organized Games
6. Sports
 - a. Basketball
 - b. Basketball Refereeing
 - c. Volleyball
 - d. Softball
 - e. Badminton

In conclusion, may I say that throughout the year the activities offered in the physical education program aim to develop the total fitness of the youth and to maintain good health and health habits.

BOYS' PHYSICAL EDUCATION

DAVID J. MURPHY

I herewith submit my annual report as the Director of Boys' Physical Education in the Senior and Junior High School.

PROGRAM

Attendance of every physically able boy at physical education classes twice a week is still compulsory from the 7th through the 12th grade. We make every effort to offer a program that meets the physical needs of these growing boys.

We attempt to strengthen muscles, develop the ability to resist fatigue and increase physical efficiency.

We attempt to develop game and sport skills, grace, sense of rhythm, and improved reaction time.

We attempt to place students in situations that encourage individual self-confidence, initiative, self-direction and a feeling of belonging.

Student leadership is still an important part of our program. Whenever possible, advance students in gymnastics, apparatus and sport skills are used as instructors. This opportunity to serve as instructors has definitely motivated some of our students to greater efficiency, particularly in apparatus work.

Our program continues to be divided into fall, winter, and spring sections. Weather permitting most of the fall and spring sessions are held outdoors on the athletic field.

ACTIVITIES

A list of the activities that make up our program may be stated briefly as follows:

1. Marching drills
 - a. Junior High—rhythmic
 - b. High School—military
2. Gymnastics
 - a. Tumbling
 - b. Pyramid building
3. Calisthenics
 - a. Indian Clubs
 - b. Dumb-bells
4. Competitive games and relays
5. Apparatus
 - a. Rings
 - b. Parallel Bars
 - c. Climbing Ropes
 - d. Horizontal Bar
 - e. Vaulting Box
 - f. Vaulting Horse
6. Lectures on personal hygiene, rules and regulations of major sports.
7. Sports Activities
 - a. Football—touch
 - b. Soccer
 - c. Volley-ball
 - d. Baseball, Softball
 - e. Basketball
 - f. Track and Field events

IMPROVEMENTS

1. All floor mats have been repaired and cleaned.
2. Additional steel lockers have been added to the locker room.
3. Through the cooperation of the Recreation Commission, we

have been given permission to use Motta Athletic Field as our football field.

4. New climbing and ring ropes are ordered and will be installed soon.
5. Additional protective padding for the south wall of the gymnasium has been ordered and will be installed soon.

RECOMMENDATIONS

1. The enlarging of the athletic field has made the transfer of our football field possible. We have benefited by this improvement. It would be to our further advantage to work with the Recreation Commission in establishing some tennis courts and a handball court in the north-east section of the field.
2. A review and further study for improving our school group insurance plan. Particularly that part which deals with varsity athletics.
3. Providing adequate storage space for our gymnasium and varsity athletic equipment.

CONCLUSIONS

President Eisenhower's recent reference to the need and necessity of physical fitness has alerted all physical education personnel to the important part they must perform in preparing the manpower of the nation.

This department is constantly aware of the task it must accept in performing this most important duty. We shall continue to make every effort to offer a program that will meet these physical needs of the growing boy and develop a desire within the individual for continued good health and physical fitness.

ART SUPERVISOR

LAURA CLEMENT

I hereby submit my annual report as Supervisor of Art in the Provincetown Schools.

On the elementary level, art is an exciting and integral part of the program. "A child has an innate sense of design" and if he is not laughed at, frustrated in his work by comparisons with adult work and standards he can express himself with great beauty. He can develop emotionally, develop independence of action and thinking, the ability to make quick and increasingly accurate decisions. Cooperation with others in a big job comes through mural projects and sharing of paint and materials.

The teachers on the elementary level seem to be aware, in most cases of the nature, limitations and peculiar beauty of children's work.

An interesting and adequate supply of materials, paper, crayons, clay, poster paint, water color, colored paper, block printing materials and other media available should make art a varied and exciting experience. There is a reluctance to use the more messy processes which are so relaxing and physically stimulating to the child.

All considered, it seems, Provincetown has a modern and adequate art program in the elementary level.

In Junior High, there is not too good an attitude on the part of

some students. A wide variety of processes and materials is made available to them. Art history prints from the Boston Public Library and the Boston Museum of Fine Arts Print Library were brought in by me. A large project—Egyptian murals took several weeks in which time, much skill and confidence was gained. Some research ability was developed.

Designing Christmas decoration for the cafeteria, blackboard murals, home room decorations, design and color experimentation, imagination stirring projects such as an enchanted forest, posing for and sketching each other in chalk, charcoal, pencil on white and dark papers, clay and water color were used.

As the year goes on, lettering, home decoration, use of art in commercial and industrial design, clothing, experiments with textural and three dimensional media will take place.

Unfortunately, the junior high who are the least appreciative of all the groups have art twice a week, as contrasted to the grades who only see the supervisor once in two weeks and respond quite a little more enthusiastically. Sometimes the work on a lower level seems more advanced than the work in junior high. Some of this is due to adolescence and other interests.

On the high school level, the art program is very limited. There are only two art periods a week and many of the talented youngsters do not get a chance to take it because of curriculum planning difficulties.

I want to thank many people for so warmly receiving me in a new town and helping me over the difficulties.

HANDWRITING SUPERVISOR

W. L. RINEHART, DIRECTOR

I am pleased to report on the progress of our handwriting program in your schools. Our major objectives are:

1. To have each pupil achieve or surpass the norm for his grade in speed and quality in formal handwriting.
2. To make good handwriting function in all related informal handwriting activities such as spelling, arithmetic, English composition, etc.
3. To develop concomitant virtues such as neatness, accuracy, attention to details and understanding and appreciation of what is inherent in good handwriting.
4. To achieve these objectives with a minimum expenditure in time, effort, and materials.
5. To develop a writing consciousness on the part of teachers as well as children; to provide the necessary instructional and motivational materials and inform the teachers of the methods and techniques to be used in order to make the handwriting program effective. A study of the handwriting scores made by your students indicate the measure of success that has been attained.

During the school year ending June, 1958, we graded 4,320 formal test papers for your students. In the final grading period we found 90% excellent, 9.4% good, and .6% fair. This excellent record testifies to the interest and cooperation of your teachers. During the course of the year, we graded approximately 12,960 informal papers for your students. Our purpose in grading these

informal papers was to motivate good handwriting in related handwriting activities. In addition to our consultant services, we furnished the pupils and teachers with the following handwriting materials: teacher outlines and folders, pupil folders, motivation graphs, individual certificates to pupils who qualified, diagnostic charts, handedness tests, envelopes, seals, etc.

In conclusion, I wish to thank you and the teachers and pupils for the splendid cooperation we have received at all times and for the excellent results that have been forthcoming.

INSTRUMENTAL MUSIC SUPERVISOR

STANIFORD A. SORRENTINO

I herewith submit my annual report as Supervisor of Music in the elementary and Junior-Senior High Schools.

Opportunity for instruction in all the band and orchestra instruments is available to all pupils of the fourth, fifth, and sixth grades. This year there are some fifty students taking advantage of this instruction at the Veterans Memorial School. Both beginners and advanced pupils participate in the orchestra and other small ensembles. A Junior Symphony Orchestra was started this year to give the more advanced students and opportunity to play more difficult music.

As the result of scheduling problems, we are only able to offer one period a week of orchestra and chorus at the High School. Also a limited amount of instruction in all band and orchestra instruments is available to Jr. High or Sr. High school pupils.

In the Jr. High School we have started a general music course which is taken by every pupil. This class offers a variety of musical activities, such as singing, listening, and playing.

We strive to make our program a sequence of aesthetic experiences which provide enjoyment, relaxation, recreation and personality development.

VOCAL MUSIC SUPERVISOR

BEATRICE M. WELSH

I herewith submit my report as Supervisor of Vocal Music. Singing by ear is a major activity in the lower grades. In the first grade the pupils learn approximately forty rote songs during the school year. Rote singing is continued in the second grade. Pupils learn music reading by first hearing music, then seeing the symbols used in writing the music, and finally in making the connection between the sound and its symbol. Note lengths, time signatures, key signatures and other such symbols are introduced in Musical settings and stressed when an awareness of them can help a child to sing a song or listen to music.

In addition to singing songs there are opportunities to play simple instruments such as bells, drums, rhythm sticks, tambourines and castanets.

Rhythmic movement comes natural to children. Emphasis on this phase of musical development can do much to put them at ease. There is no better way for children to understand rhythm than through bodily movement. Students in grades one through

six have learned many folk dances and singing games.

Part singing is introduced in the fourth grade through the singing of rounds. Fifth grade pupils learn many two part songs and in the sixth grade they learn both two and three part songs. The students find part singing a new and enriching experience.

I wish to express my thanks to you, the School Committee, Mr. Roche and all the teachers for their cooperation.

SCHOOL NURSE

HELEN C. PIERCE, R. N.

I hereby submit my annual report as School Nurse. During the year there has been a number of cases of chicken pox and impetigo at the Veterans Memorial School. These children were excluded from school until they had recovered.

Inspection was made weekly at the Veterans Memorial School and monthly at the Junior-Senior High School.

In February, a course in American Red Cross Nursing was given to the Household Arts Classes. In May, a Well Child Conference was held at the Veterans Memorial School. This was sponsored by the Barnstable County Health Department, Dr. Gerald N. Hoeffel, the examining physician. Fifty-four children entering school in September were examined with the parent of each child being present.

The Dental Clinic is progressing favorably. Since the start of the clinic there has been three hundred and seventy extractions, four hundred and thirty-three fillings and one hundred seventy-four cleanings.

In October, Dr. Moore gave a booster dose of Toxoid Vaccine to the fifth grade students.

The Audiometer Test was given to 543 students both at the Veterans Memorial School and Junior-Senior High School. There were two failures. The Massachusetts Vision Tests have been given to all students in both schools. There were eleven failures at the Veterans Memorial School, and twelve failures at the Junior High. Parents have been notified of these failures.

Dr. Fred Moore has not completed his physical examinations.

Dr. Thomas Perry has examined all students that participate in athletics.

All routine work has been completed this year as in the past.

During the year I have attended conferences for professional improvement.

In closing, may I express my sincere thanks to all for their cooperation and assistance that I have received.

BARNSTABLE COUNTY HEALTH OFFICER

F. L. MOORE, M. D.

Routine physical examinations of children in the first, third, sixth and ninth grades were carried out during the year. Of particular value, are the health appraisals of children, accompanied by their parents, routinely done in the spring of the year, prior to the entering of school the following school year. The County Health Department has employed the services of Dr. Hoeffel of Truro

for this purpose. Over the years, the school nurse has successfully motivated the parents to have their children examined at these clinics, so that rarely does a child enter the first grade without this health appraisal.

In addition to those routine examinations as required by Laws and Regulations, children have been seen on referral by nurse and teachers when particular health problems are evident, and the records of all children are routinely reviewed.

It is evident, that with the exception of dental defects and conditions relative to abnormal vision, more ill health in school children is due to emotional maladjustments, rather than that caused by physical defects. More serious cases of emotional disturbances are referred to the Child Guidance Service of the County Health Department.

While certain procedures relative to school health services are prescribed by the Laws and Regulations of this Commonwealth, this should not rule out the current evaluation of results and necessary revision, mainly of new Regulations to be advocated. For example, at the present time, it is necessary to perform tests for defects in hearing on all children every year. A review of our records would indicate that this procedure, as at present required, is not necessary. We would recommend that the school authorities take some action which might result in more frequent review of Regulations now in force.

The establishment of a dental clinic has resulted in more corrective dental work for school children. It should not be over-looked, however, that 60% of dental defects occurring in our children can be prevented, and since "An ounce of prevention is worth a pound of cure," we recommend that the school authorities take an active part in promoting preventive measures in the field of dental health.

SUPERVISOR OF ATTENDANCE

FRANK ARESTA

I herewith submit my annual report as supervisor of attendance for the year 1958.

Number of investigations	238
Number of truants returned	14
Number absent from sickness	102
Number absent from other causes	116
Number truants not returned	6

GRADUATION PROGRAM

Processional March	P. H. S. Orchestra
From the Opera Norma	V. Bellini
Invocation	Reverend Gilman L. Lane
Greetings	Edward Turpin
