### **ABOUT THE READINGS**

**Aria Da Capo**, a one-act play by Edna St. Vincent Millay, was written in 1919 following World War I and originally performed by the Provincetown Players in 1920. *Aria Da Capo* is clearly a response to the Great War, World War I. In *Aria Da Capo* Millay resurrects the harlequinade or commedia de l'arte style as a means to address contemporary struggles. The piece begins with Columbine and Pierrot as a comfortable bourgeois couple; their energies restricted to idle chatter, pallid love, and self-indulgence. Their light comedy is interrupted by the grim appearance of Cothurnus who demands that the stage be turned over to a tragedy. The play exposes the dangers of power and the lasting tragedy of World War I in an ingenious manner. Not only was Millay a founding member of the Provincetown Players as both a writer and actress, she was also honored in 1923 as the first woman to be awarded the Pulitzer Prize for poetry.

**The Company**

**Denise Gaylord** started her acting career when she was born on Halloween some many moons ago. A lot of stuff happened after that, and then Guy Wolf and others from the Provincetown Theater Company worked toward getting Denise off the streets and on the stage. Denise is also thrilled to work with Lynda, Susan & Judith, who she has known for years. And thanks to the playwright Jacqueline for writing her play, and seeking her out for the part of "Fran". And Denise would also like to thank Patty for her support as of late.

**Susan Grilli** has trained and worked in theatre notably American Conservatory Theatre, Arena Stage, New Playwrights, and LaMama. She is glad to be part of this years playwright's festival and feels fortunate to have such fun work and talented actors onstage. Thanks to New Playwrights, once again, for making this opportunity available to so many writers, directors and actors.

**Jackie Loring** is the Executive Director of the Cape Cod Writers Center, is both a screenwriter and a playwright and a member of NPP's bi-weekly Playwrights' Lab.

**Judith Partelow** (Director) is always delighted to introduce new works to audiences as an actress or director, and is very pleased to have been invited to direct Jacqueline Loring's first playreading. Kudos to the NPP for continuing to

## SUPPORT NPP

### CAUSE FOR APPLAUSE: CAMPAIGN FOR ARTISTIC EXCELLENCE

The New Provincetown Players is pleased to introduce a major donor program that addresses the needs of our theater: capital improvements, long-term security and year-round theatrical entertainment. This is a custom-designed gift-giving opportunity that can be made in a single contribution or pledged over time. I hope you'll choose this opportunity when thinking about making a contribution to a non-profit arts organization.

Let me give you an example of how it might work.

A percentage of your donation could support the purchase of new stage drapes or much needed improvements to our outdoor signage...in general, keep our home in good working order. A percentage of your contribution could go directly into our Endowment Fund and help secure our long-term financial future, not only by increasing its investment power, but also by the operating funds it kicks off in interest during the leaner off-season months. What is great is that your gift doesn't have to end there. A percentage of your contribution could also go towards what you see on stage and the courses our students, young and old, take throughout the year. Not only does your generosity keep our theater operating and spectacular looking but also alive with music, dance, comedy and drama, all the while providing a solid future for generations of theater goers to come.

Please call Guy Wolf, Producing Artistic Director at 508-487-7487 x 2 to design a unique gift-giving plan, with your personal preferences and financial situation in mind. This is a custom gift-giving opportunity. Guy will work with you to see where and how you'd like your money to help the New Provincetown Players and the Provincetown Theater. You can choose any percentage of your gift to match a capital improvement goal, help secure our long-term future (Endowment) or to the production of plays, festivals and musicals. If you'd like your contribution to be restricted to only one of the above, we can do that too!

**Please consider becoming a major donor by supporting this program.**

Again, you can contribute in one lump sum or pledge over time. It's up to you.

Call Guy and he can tell you about the upcoming season, the goals and dreams of the New Provincetown Players, the needs of the theater building itself and how having an endowment can make all the difference in those lean winter months. Or just to talk. No hard sell.

We love what we do here and we hope you will too.
