1966

His Youth Work Is Appreciated

(Cape Cod Standard-Times Photo)
Leo Mitchell of Provincetown, commanding officer, District 17, VFW, right, presents a certification of appreciation to Provincetown Police Chief Francis H. Marshall for his work with the youth of Provincetown. Presentation was made at a testimonial and banquet Saturday night at VFW Hall, Provincetown.

District VFW Gives Honor To Cape-tip Police Chief

PROVINCETOWN, March 27—Provincetown's Police Chief, Francis H. Marshall, was honored by VFW and his fellow townspeople, at a testimonial dinner, followed by presentation of a certificate of appreciation, at VFW Hall Saturday night. More than 200 of Provincetown citizens and members of VFW posts from all parts of District 17, comprising Barnstable County, Martha's Vineyard and Nantucket, were in attendance at the testimonial, which was given the chief by District 17, Veterans of Foreign Wars, of which Leo Mitchell of Provincetown is commander.

The citation was presented by District 17 VFW through Commander Mitchell as "an expression of sincere appreciation and praise for the patriotic service he has rendered to the community in creating recreational activities for the youth of Provincetown," the citation reads.

VFW Gives Praise

Commander Mitchell, who acted as master of ceremonies, also lauded the chief, and said the VFW is "proud to be able to present this citation to Chief Marshall for his work with children."

Commander Mitchell cited Chief Marshall's work with the Police Athletic League, and said that the chief has 173 or more children in the group; was instrumental in carrying on the program. He also said the chief was instrumental in getting the PAL bus to take the youngsters. There are many field trips on which the youngsters go when the bus is used.

"The VFW wants to recognize and honor anyone who aids children," the commander said, and said that through Chief Marshall's efforts "there is no juvenile delinquency in Provincetown."

Edward Hartung, senior vice-commander of the State Department, brought congratulations from the State Department, and said he represents many thousands of VFW members who approve the citation congratulating the chief.

Awning to Protect Club Against Flooding

February 1962

A large fiber-glass awning is being installed at the back of VFW Hall, Provincetown, by these club members and aids. The awning will cover the entrance to the VFW club and the downstairs entry to the hall. Previously during rainstorms, bailing operations had to go into effect. Shown in the picture, holding up the awnings, are members of the club.
