FORM B - BUILDING

--	--	--	--

ARCHITECTURAL DESCRIPTION

see continuation sheet

Describe architectural features. Evaluate the characteristics of this building in terms of other buildings in the community.

This is a 2-story, 3-bay commercial building with a 2-story, 2-bay addition flush with the primary façade. A shed dormer with 2 sets of paired 1/1 DHS windows is located on the front slope of the main roof, while a roof deck occupies the flat roof of the addition. The main commercial entry is now on the north side of the building, in the addition facing Shank Painter Road however, there is also an entry on Bradford Street. There are centered paired doors flanked by picture windows on the 1st story. Windows on the 2nd floor are 1/1 replacement vinyl DHS. A 3rd story entry is accessed by exterior steps on rear façade. The Bradford Street façade has 6/6 DHS windows in the 2nd story, and a small oriel window on the 1st story. The left side façade has exterior steps to 3rd floor entry, 1/1 DHS, and a small 1-story addition away from Bradford Street with roof deck above.

HISTORICAL NARRATIVE

see continuation sheet

Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building, and the role(s) the owners/occupants played within the community.
