ARCHITECTURAL DESCRIPTION

see continuation sheet

Describe architectural features. Evaluate the characteristics of this building in terms of other buildings in the community.

95 Bradford Street is a 2-story, 4-bay, Astylistic 1/2 house; the side gable roof is clad in asphalt shingles; the exterior is clad in wood shingles with a frieze and corner boards and the foundation is concrete block and brick; the fenestration includes 6/6 wood DHS with storms installed, there is a skylight; the primary entrance faces the west façade, has a modern storm door installed, is capped by a simple entablature and accessed by a wood platform; An entrance on the rear façade has modern wood steps.

HISTORICAL NARRATIVE

see continuation sheet

Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building, and the role(s) the owners/occupants played within the community.

As per Tom Boland (1994): (95?) First noted on the 1858 atlas as being owned by an A.T. Smith, this structure has remained a residential structure throughout its history. In 1880, it was owned by J. Cummings and then by R. Snow, a carpenter in 1907.
