FORM B - BUILDING

--	--	--	--

ARCHITECTURAL DESCRIPTION

see continuation sheet

Describe architectural features. Evaluate the characteristics of this building in terms of other buildings in the community.

152 Bradford Street is a 2-story Queen Anne dwelling. The facades are asymmetrical. The primary façade, facing Bradford Street, is dominated by a large front-gable section with paired windows centered in the upper portion of the gable end, and a paired set of windows offset on the 1st story of this gable end. Shutters on the 1st story have been removed. Varied shingle patterns are found on the gable ends. A 1-story porch is incorporated under the main side gable roofline, next to the front gable portion. The porch has turned posts, panel half-walls and knee braces. A bay window with a flat roof is located on the side façade, facing Conwell Street. Windows are 2/1 and 1/1 DHS. An 1-story addition has been added to the side of the building, facing Railroad Avenue. It has a rusticated block foundation and a separate entry. It has windows at the basement level.

HISTORICAL NARRATIVE

see continuation sheet

Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building, and the role(s) the owners/occupants played within the community.

As per Tom Boland (1994): The cottage at 152 Bradford Street first appears on the atlas of 1880. At that time it was owned by J. Smith. In 1901-1907, the site is listed as owned by Joseph S. Pine.
