FORM B - BUILDING

--	--	--	--

ARCHITECTURAL DESCRIPTION

see continuation sheet

Describe architectural features. Evaluate the characteristics of this building in terms of other buildings in the community.

137 Bradford Street is a 1-story, irregularly shaped gas station with 3 bays in the main section, and another bay in an angled section at the end; There are 2 cross gables in the main section, and also 1 in the angled portion; The roof is side gable; The exterior is clad in particle board and the foundation is poured concrete; The fenestration consists of Chicago-style windows with 2/1 DHS beneath the cross gables; The main entry has double doors with a multi-light transom above; There is a fuel island in front of the building that was constructed c. 1995; An addition is located to the side of the angled section of the building.

HISTORICAL NARRATIVE

see continuation sheet

Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building, and the role(s) the owners/occupants played within the community.
