ARCHITECTURAL DESCRIPTION

see continuation sheet

Describe architectural features. Evaluate the characteristics of this building in terms of other buildings in the community.

233 Bradford Street consists of two parts: 1 1/2-story, 3-bay Greek Revival structure built in the 1800s and a large 2-story, 6-bays deep modern building built in the 1980s; The historic portion has a front-gable roof is clad in asphalt shingles with partial cornice returns; the exterior is clad with clapboard siding on the street-facing façade, wood shingles on the other facades and the foundation is brick; the fenestration includes 6/1 wood DHS and 1/1 wood DHS; the primary entrance is unclear, but modern, sliding glass doors are located on the east façade and a 2nd story entrance is accessed on the west side by exterior wood steps and a wood pane and panel door; The large addition is connected to the small portion by a shed dormer on its south side; The 1980 section has paired modern vinyl single-pane casement windows.

HISTORICAL NARRATIVE

see continuation sheet

Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building, and the role(s) the owners/occupants played within the community.
