ARCHITECTURAL DESCRIPTION

see continuation sheet

Describe architectural features. Evaluate the characteristics of this building in terms of other buildings in the community.

2-1/2-story, 8-10 bay; complex roof is sheathed in wood shingles; double bellcast gable fronts; shed dormers; two interior brick chimneys; fenestration includes 6/6 wood DHS windows, 4/4 wood DHS, 8/8 wood DHS, 6-pane awning, single-light vinyl casement, 2/2 wood DHS, 6/6 vinyl DHS, 4-pane casements; fanlights in gable ends - one is a hopper window, the other is a vent; building sits lower than street level; 1-story shed addition on gambrel section; gambrel section extends to one side where it is only continued on 2nd floor and is supported by posts; 2nd-floor gable roof extension at one chimney; enclosed shed section on front façade; open 1st- and 2nd-story porches on south facade and exterior stair; sliding glass doors on rear 2nd story; rounded entry door on enclosed 1-story shed section.

HISTORICAL NARRATIVE

see continuation sheet

Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building, and the role(s) the owners/occupants played within the community.

According to owner, the center part of the building, containing the front-facing gambrel roof is the original. The other front-facing gambrel section to the east is a 1960 addition. Portion on the west side is also a later addition, but the date was not known.
